

1734 Katyland Dr. Katy, TX 77493 (281) 237-6300

Preview Night 2024

What is Miller Career & Technology Center?

Miller Career & Technology Center (MCTC) serves as a central site for specialty Career & Technical Education (CTE) courses that are not offered at the student's home campus. These courses are available to juniors and seniors as they will have the opportunity to explore and gain exposure to potential post-secondary or career experiences through these advanced CTE courses.

Why is there a Preview Night for junior high students if MCTC is only for high school juniors and seniors?

Several CTE courses have prerequisites that will need to be taken as early as 8th, 9th, or 10th grade. All of the CTE courses at MCTC are elective credits and the majority are 2 credits/2 periods with the exception of a few courses which are 3 credits/3 periods. It will take planning to ensure MCTC courses as well as required high school courses for graduation will fit into a student's schedule.

When is MCTC'S Preview Night?

High School Preview Night will be held **Wednesday, January 17th** for current 9th-11th grade students and parents. Junior High Preview Night will be held **Monday, January 29th** for current 6th-8th grade students and parents. If you are unable to come on your designated date you may attend the date that works best for you. Both Preview Nights will start at 6:00pm, end at 7:30pm, and will operate on a come and go basis. During the High School Preview Night, the time will be broken up into four sessions as shown in the example below. You can choose to hear more about a different course during each session. Junior High Preview Night will be an opportunity for students to gain general information over available courses offered at MCTC while browsing program tables.

SCHEDULE

Session 1 6:05pm-6:20pm	Career Session in Classroom or Counselor Overview Presentation in Commons
Session 2 6:25pm-6:40pm	Career Session in Classroom or Counselor Overview Presentation in Commons
Session 3 6:45pm-7:00pm	Career Session in Classroom or Counselor Overview Presentation in Commons
Session 4 7:05pm-7:20pm	Career Session in Classroom or Counselor Overview Presentation in Commons
