Mission Statement

As a team at Rhoads Elementary, we will seek to inspire and challenge all culturally diverse learner in our community to succeed in our changing world and become good citizens and life long learners. Together, in partnership with parents and the community, we will strive to develop all children to their fullest potential by embracing their unique individuality.

Vision

The Katy Independent School District, in collaboration with parents and community, will provide an exemplary education for all students in a safe environment.

Demographics

Demographics Summary

Rhoads Elementary opened in 2004, making this our fourteenth year for providing instruction to a very diverse groups of students from many cultural and socio-economic backgrounds. Starting out with a population of about 900 students, we grew to over 1,100 students and have maintained approximately that number of students.

During the 2006-2007 school year, we became school wide Title I.

We opened our Bilingual program during the 2009-2010 school year, welcoming the students from our attendance zone and Wolfe Elementary’s attendance zone who had previously received bilingual instruction at McRoberts and Schmalz Elementaries.

For the 2018-2019 school year the total enrollment of Rhoads Elementary is 999 students. We are 74.1% Economically Disadvantaged, which are our Free & Reduced Lunch students, and 62.5% At-Risk. 17% of our students are Special Education. Rhoads Elementary has 49.4% students who are monitored or identified as Limited English Proficient. There are 24.1% of our students who are Bilingual and 19.4% ESL. The Gifted/Talented students make up 2.7% of our population. We are considered a 100% Title I campus with a 9.8% mobility rate. The population of Rhoads Elementary consists of the following ethnicities and races: Hispanic: 61.5%, White: 15.2%, Black or African American: 15.5%, Asian: 4.2%, Two or More Races: 2.7%, American Indian or Alaska Native: 0.5%, Native Hawaiian Pacific Islander: 0.4%.

Rhoads Elementary school continues to place a high priority in employing a high-quality, talented staff.

Every elementary school has movement within their schools. We gain teachers new to the profession and teachers taking advantage of different positions throughout the district. Our new teachers are supported through a mentor program at the district level. Rhoads Elementary also has implemented a Buddy System, so our new teachers have an additional support system.

Teachers will attend professional development sessions throughout the year. The professional development will be based upon the needs identified in this improvement plan. The sessions will be provided by our own teacher leaders, instructional coaches, campus administration, district level specialists and outside conferences. In addition to professional development, the weekly PLC meetings and PDR meetings will reinforce professional growth.
**Demographics Strengths**

Rhoads has a diverse population of students and many cultures and languages are represented by our students and staff.

Academic Support, ESOL, and Title I teachers provide intervention during Extended Learning Time and before school tutorials.

Our staff values professional development and seeks opportunities to participate in staff development outside of what the district provides. The certified staff and paraprofessional staff have participated in multiple professional development opportunities during the school year. Many grade levels have teachers who are ESL and/or GT certified. Grade level PLCs and PDRs strengthen instruction through the alignment of the curriculum, lesson planning and year-at-a-glance. The technology staff development opportunities have helped the staff become more competent and effective with the use of technology in the classroom.

**Strengths:**

Rhoads Elementary has many strengths. Some of the most notable demographic strengths include:

1. Many families move into our area just for the schools. Because our families value education, we have increasing numbers of parents (moms, dad, aunts, uncles, grandparents) who are committed to student success.

2. With the increasing diversity among our student population, Rhoads becomes more and more reflective of society as a whole. With a diverse student population, our students develop life-long skills and an ability to collaborate with peers of all backgrounds. We believe we are equipping young learners to collaborate with all kinds of people. We find that Rhoads Elementary students are very accepting of new students regardless of race or ethnicity.

3. Our attendance rate is consistently higher than 95%. Families at Rhoads value student success and understand that attendance is crucial to student success.

4. Students who are withdrawn from Rhoads are typically moving within the district. A trend that we noted was that some families left Rhoads to attend a private school and a new charter school that opened within one mile of our campus.

Some of the Rhoads Elementary notable strengths for staff quality include:

- New Teacher Academy
- Buddies for every person new to campus
- Support of the Instructional Support team for the first two weeks in the classrooms of every person new to Rhoads
- Grade level PLCs strengthen instruction through weekly planning with our Instructional Coaches
- Instructional support staff members work with teachers new to the profession, providing observation, model lessons, and feedback sessions
Administrative walk-throughs occur multiple times per semester for every teacher. Restructuring our PDR/PLC grade level meetings allow teams to meet two times monthly at a time other than their planning period.

**Problem Statements Identifying Demographics Needs**

**Problem Statement 1**: 62.4% of Rhoads' student population are considered at-risk, and 68% of the population is economically disadvantaged. **Root Cause:** Staff need additional resources and professional development to differentiate learning experiences for struggling students.

**Problem Statement 2**: As an at-risk campus, we continue to lose quality trained staff members to campuses with a smaller at-risk population. **Root Cause:** Our district is growing and opening new campuses where teachers transfer to be closer to where they live.
Student Academic Achievement

Student Academic Achievement Summary

Our campus made Met Standard according to the 2019 STAAR Test results.

Our teachers regularly designed and administered common assessments, analyzed resulting student performance data (examining Power SEs), and implemented specific intervention/remediation based on this data.

Teachers differentiated instruction through guided reading, writing, math and science.

During Extended Learning Time, students were flexibly grouped by TEKS so that differentiated instruction and intervention could be provided. Students were able to participate in Saturday School Tutorials for reading, math, writing and science.

Additional intervention was offered before school for students needing Tier III intervention during Extended Learning Time, as well as intervention in another content area.

Many of the problems Rhoads faces in relation to student achievement relates to students' lack of language development (among both monolingual and bilingual students). A high percentage of our children just have not yet developed their academic language, so this has been a major emphasis on our campus. TELPAS data indicates that there is additional focus needed in developing language skills.

All students at Rhoads participate in hands on science lab investigations on a bi-weekly or weekly basis (depending on grade level.) Students report Science as their favorite subject in all grade levels! After an analysis of student groups we can note that growth in our students is not equal. The performance of our special education students is consistently much lower than other sub-populations.

4th Grade STAAR scores improved by 3% in Reading and 2% in Math.

Our Instructional Coaches supported teachers through data analysis and modeled effective first time teaching.

Student Academic Achievement Strengths

Improvements in the 2018/2019 school year:

* Scores of Special Education students improved in Math (52% to 56%)
* Scores of Special Education students improved in Writing (24% to 32%)

* Scores of African American students improved in Reading (77% to 83%), (63% to 72%) in Writing and (67% to 74%) in Science.

* Fourth Grade scores improved in Reading (80% to 83%)

* Fourth Grade scores improved in Math (82% to 84%)

* Our Fifth Grade students all grew in Meets & Masters for Reading and Math with a percent change ranging from +3% to +19%.

* Rhoads received an overall B (87%) for our TEA Accountability Rating. Our school progress Part A went from a 77 to a 79.

**Problem Statements Identifying Student Academic Achievement Needs**

**Problem Statement 1**: STAAR data indicates that 4th Grade Writing performance was 72%. **Root Cause**: Students are not effectively able to elaborate in their writing. Teachers need training in effective writing instruction and conferencing.

**Problem Statement 2**: STAAR data reveals that Special Education students score significantly below all other student groups in all subject areas. **Root Cause**: There is a need for more communication between SPED staff and general education teachers.

**Problem Statement 3**: The number of students scoring at "Meets" and "Masters" performance in reading, writing, math, and science are below the district average. **Root Cause**: There is a need to increase personalized learning experiences including real world applications.
School Processes & Programs

School Processes & Programs Summary

At Rhoads Elementary we teach the TEA prescribed Texas Essential Knowledge and Skills. We also incorporate the following: District Learning Assessments, Campus Based Assessments, balanced literacy including the Lucy Calkins Units of Study for Reading/Writing and Math Workshop. All assessments and programs used assist in teaching the depth and complexity of the TEKS. The district has created curriculum unit plans and yearly curriculum-at-a glance calendars for each grade level in each core subject area. These align to the TEKS and STAAR assessments.

Pre-Kindergarten is using Circle Progress Monitoring. I-Station, DLAs, campus benchmarks and STAAR are focus areas in grades 3 through 5. Kindergarten through 5th grade all use Fountas and Pinnell to assess the student’s reading level. 2nd and 4th grade are implementing math running records for math facts. Dyslexia and LEP instruction use the same standard of assessment as the grade levels of their students. TELPAS is a major assessment for LEP students.

Parents, teachers, and students at Rhoads Elementary take pride in their school and the school's reputation of success. The perception of Rhoads Elementary among all is that it is a safe and positive environment with a strong focus on academic excellence. There is a high standard for best instructional practices as well as building social character. Rhoads Elementary's focus goes far beyond just STAAR scores. Our commitment is to keep students at the center of all actions and decisions. As a result, learning is of paramount importance. When our students struggle, you will see adjustments made within instruction, the school context and organization. We work hard to ensure that instructional time is protected. Teachers and students are not pulled out of the classroom for unnecessary reasons. Teachers value the planning time that they have with their PLCs and also to prepare for their individual classroom instruction. There is a healthy sense of urgency among the staff that promotes professionalism and unity of purpose.

As part of the Katy ISD system, Rhoads Elementary is truly fortunate in that the school has access to all of the latest technological hardware and software. All students, teachers, administrators, and staff members have access to computers, iPads, Smart boards, Chrome Books, document cameras, and laptops/netbooks. Wireless access points have been installed all over the building. There are both primary and intermediate computer labs with 25 computers each. The labs are used for a variety of teaching and learning programs. Additionally, there are 8 computers in the library that teachers and students use to search for books, create research projects and other educational projects.

Students are encouraged to use a variety of programs and apps on iPads and computers such as: Seesaw, Padlet, Educreations, PicCollage, Aurasma, Plickers and Google Drive to create and display assignments/projects. The majority of the teachers are accustomed to integrating use of Smart board technology including document cameras into their daily activities and lessons.

School Processes & Programs Strengths
School Processes and Programs Strengths:

The Rhoads staff have a strong congenial and collegial relationship. They are able to work together in grade level teams and vertical teams to align curriculum and ensure everyone has a clear understanding of the expectations and goals. Classroom teachers have conducted learning walks throughout the Rhoads campus. This has helped align our best practices, incorporate high yield strategies and focus on engaged learning.

Rhoads Elementary has recognized the following strengths:

- Teacher generated road maps that target specific instruction by TEK.
- Teacher analyzed heat maps
- Teacher created common based assessments
- Weekly team planning (PLC)
- Teachers attending outside district professional development
- Teachers conducting learning walks to observe peers
- Used Title I, Title III and Special Projects to fund teacher tutoring
- Providing differentiated instruction
- Conducting meaningful professional developments

Rhoads Elementary is also proud of the following strengths:

1. Teachers are aware of a strong sense of urgency for best instructional practices as placed upon them by the active parent community.

2. Teachers accommodate special populations with more time and individualized instructional plans

3. RTI is being utilized successfully with students being referred to the appropriate intervention.

4. A master schedule and calendar maximize the amount of time spent on instruction and ensure that special program times are addressed.

5. Interruptions to the instructional day are kept to a minimum.

6. Safety drills are performed frequently and efficiently.

Every classroom has iPad access for students with a minimum of 5 per classroom. Each teacher has access to an iPad for individual use of instructional material and school related business. Most teachers report that access to technology has increased their skill level and confidence in the ability to use technology. All classrooms are equipped with computers, iPads, Smart boards, and document cameras in keeping with current technology. Our campus is
provided a Classroom Technology Designer as well as Campus Technology Coordinator.

Building staff morale is recognized as a critical component in retaining high-quality staff at Rhoads. Each month staff members will receive an incentive that shows how much they are appreciated by the administration team. Throughout the year, will have events such as “Twelve Days of Christmas” in which staff members receive appreciation gifts.

**Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1**: Based on campus classroom visits, a portion of teachers are at the emergent level of technology integration. **Root Cause**: Technology is always changing requiring continuous teacher professional development.

**Perceptions**

**Perceptions Summary**

Rhoads Elementary administration and staff work to create an environment where families feel they are entering a positive and productive school environment. We ensure open lines of communication by providing families with the ability to communicate with faculty in a variety of ways, including phone calls, emails, planners, Dojo, Rhoads Student Communication Log and social media. Informational documents and graded work are sent home each week in a Tuesday Folder. As a Title I campus, we are obligated annually to educate our community about the importance of parent involvement in local education. As a bilingual campus, both English and Spanish speakers are available for parent and community needs. In addition, we offer several events and programs throughout the school year to encourage families to visit our school.

Events designed for parents continue to be well-attended at Rhoads. Many parents join us for Meet the Teacher, Parent Orientation, the Principal’s Coffees, Donuts with Dad, Muffins with Mom, Book Fair Nights, Math/Science Night, Literacy Night, PE Night, and Art Night.

Our CAT is composed of teachers, parents, community members and other staff members. We meet 4 times per year to discuss the school budget, Title I components, areas of growth and share where we are making improvements. Parents are able to share any concerns they may have and make suggestions to be implemented at Rhoads Elementary.

Mayde Creek High School PALS come to Rhoads each week between September and May to meet with a special buddy whom they talk to and play with. This is an opportunity for high school students to mentor Kindergarten and Fourth Grader students identified by the counselor as someone who might benefit from some extra one-on-one attention.

A record number of students participated in the Read/Deed/Run Program.

This year will be our 8th year to welcome Watch DOGS (Dads of Great Students) into our school. The kick-off is held in September, and dads come to school with their students to share pizza and to hear a presentation about the Watch DOG program. More than 150 dads participate in this program, coming...
to school for the day; after being introduced on morning announcements, they follow a schedule which includes time in their student’s classroom, the cafeteria, the front drive, the library, and other classrooms. Our students love our Watch DOGS, and we have seen this program foster good will between school staff and parents.

We have decided to invite the whole family this year and combine this event with a volunteer kick-off. Members of our PTA and staff will share with parents how they can support the school and become a part of our events. It is a primary goal to increase parent involvement.

Parent and Community members provided Junior Achievement Program instruction in all classes in our school.

In May, students in all grade levels participate in Awards Ceremonies. Parents are invited to applaud as students are recognized for their achievements and accomplishments.

Rocket Singers and Rockets Con Ritmo offer students opportunities for choral and instrumental training, and concerts are presented twice a year.

One of the core beliefs at Rhoads Elementary is that all children can learn, and it is important that student and teacher mindsets support resiliency and grit, resulting in improved student performance. One of our non-negotiables is that students and staff treat one another with respect, and we emphasize this with our RESPECT mnemonic: Rhoads Elementary Students Promote Excellence Citizenship and Teamwork. We end our announcements each morning by singing the chorus of the Rhoads Respect Song: “Respect begins with RES. Respect begins with me! I’ll do my best to be the best I can be!”

In our effort to improve student engagement, student behavior, and student performance, our staff has been trained by Chris Biffle. The 5 rules are embedded in our revised PBIS/BLAST program. We revised and continue to implement the PBIS (Positive Behavior Instructional Support) program by using BLAST Bucks, which students use to make purchases at the BLAST Store. In this way, all students receive reinforcement for meeting the behavioral expectations of their teachers.

Components of PBIS include:

* a purpose and approach to discipline
* a clear set of positive expectations and behaviors
* procedures for teaching expected behavior
* a continuum of procedures for encouraging expected behavior
* a continuum of procedures for discouraging inappropriate behavior
* procedures for on-going monitoring and evaluation

**Perceptions Strengths**

Increased parent and community engagement, by providing multiple opportunities for parents and students to participate in activities at school, including Meet the Teacher, Parent Orientation, Principal’s Coffees, KEYS Mentors, Junior Achievement, Reed-Deed-Run, Watch DOGS, choral and instrumental
music programs, PE Night, I Heart Art Night, Math/Science Night, Book Fairs, Celebrations of Learning, Sister Schools Program, Promise to Read, Student Council and a Robotics Program.

Increased participation by parents of bilingual students, by providing consistent translations of all written communication and oral communication at school events.

All grade level teachers select a student from their class to come to the front office as a Very Good Visitor. The student is given this award because they demonstrated one of our RESPECT characteristics. Students are rewarded with BLAST Bucks on a regular basis in which they can purchase items from the BLAST Store. In some classes, students are selected to be Rocket Guides and we have had many teachers step up to be mentors. Our staff is focusing on their student progress by analyzing data and enforcing the PBIS/BLAST program."

Campus discipline data shows slow progress with the number of discipline referrals. Students are able to earn BLAST Bucks to redeem for prizes as an incentives for meeting PBIS/BLAST expectations. All classrooms, hallways, restrooms and common areas have PBIS posters with behavior expectations that are specific to each area. Students are regularly seen throughout the building displaying appropriate behavior aligned to the school wide behavior expectations. Rhoads PBIS/BLAST team will be making necessary adjustments to increase the success rate.

Our Sunshine Committee and administrative team provide events, treats, and food throughout the year to appreciate our hard-working staff. Weekly communication goes out to the staff with events, dates, and reminders.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Although our parental involvement is increasing, 100% of parents are not able to attend family and community engagement events. **Root Cause:** There is a need to increase parent communication in a variety of media regarding family and community engagement opportunities.

Problem Statement 2: There is a need to decrease the amount of discipline incidents. **Root Cause:** Our campus lacks training in strategies to identify behavioral triggers and how to deescalate behaviors.
Priority Problem Statements

**Problem Statement 1**: 62.4% of Rhoads' student population are considered at-risk, and 68% of the population is economically disadvantaged.

**Root Cause 1**: Staff need additional resources and professional development to differentiate learning experiences for struggling students.

**Problem Statement 1 Areas**: Demographics

**Problem Statement 2**: As an at risk campus, we continue to lose quality trained staff members to campuses with a smaller at risk population.

**Root Cause 2**: Our district is growing and opening new campuses where teachers transfer to be closer to where they live.

**Problem Statement 2 Areas**: Demographics

**Problem Statement 3**: STAAR data indicates that 4th Grade Writing performance was 72%.

**Root Cause 3**: Students are not effectively able to elaborate in their writing. Teachers need training in effective writing instruction and conferencing.

**Problem Statement 3 Areas**: Student Academic Achievement

**Problem Statement 4**: STAAR data reveals that Special Education students score significantly below all other student groups in all subject areas.

**Root Cause 4**: There is a need for more communication between SPED staff and general education teachers.

**Problem Statement 4 Areas**: Student Academic Achievement

**Problem Statement 5**: The number of students scoring at "Meets" and "Masters" performance in reading, writing, math, and science are below the district average.

**Root Cause 5**: There is a need to increase personalized learning experiences including real world applications.
Problem Statement 5 Areas: Student Academic Achievement

Problem Statement 6: Based on campus classroom visits, a portion of teachers are at the emergent level of technology integration.
Root Cause 6: Technology is always changing requiring continuous teacher professional development.
Problem Statement 6 Areas: District Processes & Programs

Problem Statement 7: Although our parental involvement is increasing, 100% of parents are not able to attend family and community engagement events.
Root Cause 7: There is a need to increase parent communication in a variety of media regarding family and community engagement opportunities.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: There is a need to decrease the amount of discipline incidents.
Root Cause 8: Our campus lacks training in strategies to identify behavioral triggers and how to deescalate behaviors
Problem Statement 8 Areas: Perceptions
Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

**Improvement Planning Data**
- District goals
- Campus Performance Objectives Summative Review from previous year
- Current and/or prior year(s) campus and/or district improvement plans
- Campus and/or district planning and decision making committee(s) meeting data
- State and federal planning requirements

**Accountability Data**
- Texas Academic Performance Report (TAPR) data
- Accountability Distinction Designations

**Student Data: Assessments**
- State and federally required assessment information (e.g. curriculum, eligibility, format, standards, accommodations, TEA information)
- State of Texas Assessments of Academic Readiness (STAAR) current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) results
- Student Success Initiative (SSI) data for Grades 5 and 8
- SSI: Istation Indicators of Progress (ISIP) accelerated reading assessment data for Grades 3-5 (TEA approved statewide license)
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2

**Student Data: Behavior and Other Indicators**
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records

**Employee Data**
- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
Goals

Goal 1: All learning environments will foster engagement by integrating personalized learning experiences.

Performance Objective 1: Campus Goal: At least 90% of all students taking the Math STAAR will achieve the minimum expectation. At least 90% of all students taking the Reading STAAR will achieve minimum expectation. Identified At Risk students will receive appropriate intervention/remediation.

Evaluation Data Source(s) 1: At the end of the year we will use STAAR scores for all student groups to determine if the performance objective was met.

ELEMENT 1. SWP COMPREHENSIVE NEEDS ASSESSMENT (CNA)

1.1: Comprehensive Needs Assessment

Rhoads Elementary has conducted a comprehensive needs assessment which will drive our improvement process and guide us in goal setting for future success. Student performance data will be used to examine strengths and weaknesses in our instructional practice. While data is gathered and analyzed throughout the year, a comprehensive effort is always made at the end of each school year. Factual problem statements were written and root causes identified. The CNA was reported to the site-based planning team. The CAT team worked together to make the necessary revisions to the CNA for the 2019-2020 school year on 5/6/19.

Rhoads Elementary has created a school wide program with the goal in mind to ensure that all students, particularly those who are low-achieving, demonstrate proficient or advanced levels of achievement on a variety of assessment measures, including state assessments.

We are committed to:

- Conducting a comprehensive needs assessment
- Identifying goals and strategies that address those needs
- Conducting an annual review of the effectiveness of the school wide plan and revising it as needed

Our campus will

- Set high expectations for students and staff
- Implement best practices for curriculum and instruction
- Focus on student achievement by examining and understanding data with teachers, parents, and students
- Encourage a collaborative spirit among staff members and between staff and parents
- Commit to continuous improvement for each and every student every year

ELEMENT 2. SWP CAMPUS IMPROVEMENT PLAN (CIP)
2.1: Campus Improvement Plan developed with appropriate stakeholders

The Rhoads Elementary CIP was developed with the involvement of parents and other members of the community to be served and individuals who will carry out the plan. The teachers, community and parents all play important role in developing the CIP. They get to provide feedback at CAT meetings and planning meeting throughout the year.

2.2: Regular monitoring and revision

The CIP remains in effect for the duration of the school year. Formative and summative reviews are completed throughout the year in November, January, February and June. The implementation is regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards. The CAT team worked together to make the necessary revisions to the CNA for the 2019-2020 school year on 5/6/19.

2.3: Available to parents and community in an understandable format and language

The CIP is available to the local educational agency, parents, and the public. The information contained in the plan is understandable and in a uniform format. The document is available in English and Spanish on the campus website. In the event we would have a community member that would need an alternate translation we could contact the district office and hire a interpreter. Once again, the CIP is available on the campus website, front office and can be retrieved in the library.

2.4: Opportunities for all children to meet State standards

Strategies are designed to improve student performance and include the following:

1. Instructional strategies which are supported by scientifically-based research.

2. Examination of data to identify areas of strength and areas of needs assessment.

We implement a variety of strategies at Rhoads Elementary such as: Reader's & Writer's Workshop, Guided Math and Progression Bags, STEM Scopes and
supplemental instruction through ELT and/or tutorials. We hold at least 4 intervention "kid chats" a year in addition to individual collaboratives. The BLAST committee meets on a monthly basis to adjust behavior supports so all students can meet standards.

2.5: Increased learning time and well-rounded education

Rhoads Elementary will use methods and instructional strategies that strengthen the academic program in the school. We try increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education. We adjust the master schedule in order to maximize learning time. The extended learning times are adjusted to increase the amount of time spent with struggling students. Saturday tutorials were held for math, reading, writing and science to increase student learning and success. Student were placed in morning tutorials with our interventionists based on the data from CBAs, DLAs and F & P levels. We had an additional group of students who took part in I-Station and DreamBox opportunities. Our GT students receive specialized instruction with our Challenge Teacher at least once a week.

2.6: Address needs of all students, particularly at-risk

Rhoads Elementary will address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards. We have many programs in place to assist our struggling students. The intervention team, admin team and teachers meet at least 4 times a year to discuss the student's progress. The teachers, interventionists, assistant principals and support staff may request a collaborative to discuss struggling students. We always take all necessary measures to ensure student success. Saturday tutorials were held for math, reading, writing and science to increase student learning and success. Student were placed in morning tutorials with our interventionists based on the data from CBAs, DLAs and F & P levels. We had an additional group of students who took part in I-Station and DreamBox opportunities.

ELEMENT 3. PARENT AND FAMILY ENGAGEMENT (PFE)

3.1: Develop and distribute Parent and Family Engagement Policy

Rhoads Elementary shall jointly develop with, and distribute to, parents and family members of participating children a written parent and family engagement policy. This was agreed on by parents and they will be notified of the policy in an understandable and uniform format. It will be provided in a language the parents can understand. The policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school. Rhoads has a list of the individuals and their roles who assisted with the development of Parent and Family Engagement Policy. The Parent and Family Engagement is available in the library for public viewing.
3.2: Offer flexible number of parent involvement meetings

Understanding that parental involvement is crucial to the success of our students, we are working to make parents feel welcome and wanted at Rhoads. We have learned that our parents attend events which welcome them along with their children. With that in mind, we host Meet the Teacher, PE Night, Book Fairs, Choral and Instrumental Music Programs, Art Night, and Math/Science Night, all of which are well-attended events.

This year, a concerted effort is being made to encourage parents to attend Principal’s Coffees. Invitations are sent out to all parents, and these are followed up with a reminder. Parents are served a continental breakfast, and the administrators share information and answer questions.

Other programs which encourage parental involvement are as follows:

- Our Watch DOGS (Dads of Great Students) Program has brought hundreds of dads/uncles/grandfathers into our school, and the good will created has been notable; dads who previously demonstrated mistrust and even disrespect toward school staff have become friendly and supportive.

- Parent and Community members provide Junior Achievement Program instruction in all classes in our school.
- In May, students in all grade levels participate in Award Ceremonies. Parents are invited to applaud as students are recognized for their achievements and accomplishments.
- Rocket Singers and Rockets Con Ritmo offer students’ opportunities for choral and instrumental training, and parents enjoy concerts twice each year.
