Excerpts from the TEA/UII Side by Side, pages 3-4 of 2016-2017 Edition, Regarding Academic Requirements for NPNP:

- UII participants are eligible to participate in contests during the first six weeks of the school year provided the following standards have been met: Students beginning grades nine and below must have been promoted from the previous grade prior to the beginning of the current school year.
- A student who receives, at the end of any grading period (after the first six weeks of the school year), a grade below 70 in any class (other than an identified class eligible for exemption) or a student with disabilities who fails to meet the standards in the Individual Education Plan (IEP) may not participate in extracurricular activities for three school weeks. [NOTE: In KISD, only certain Board approved high school credit courses are exempt from NPNP]
- All schools must check grades for all participants at the end of the first six weeks of the school year.
- From that point, [after the first six-weeks] grades are checked at the end of the grading period whether it is six, nine, or twelve weeks in length. Students who pass remain eligible until the end of the next grading period.
- Students lose eligibility for a three school week period.
- After the first six weeks of the school year, academically ineligible students in a nine week grading period have two opportunities to regain eligibility, one at the end of the first three school weeks [of the grading period] and one at the end of the first six school weeks [of the grading period].
- 3 school weeks = 15 class days; 1 of the 3 weeks may consist of 3-4 class days
