

**Katy Independent School District
Off-Campus Physical Education Waiver Information Packet**

To the Parents of Prospective Off-Campus Students (Grades 6-12):

The Texas Education Agency (TEA) authorizes school districts to award physical education credit for students participating in appropriate privately or commercially sponsored physical activity programs if certain guidelines are met. School districts may choose to participate in this program at their own discretion.

The purpose of the program is to accommodate students who wish to participate in special and/or accelerated physical education activities that go above and beyond those normally scheduled in the school district.

For a private or commercially sponsored physical activity program to be approved, the program must meet certain guidelines set by the Katy Independent School District. Enclosed you will find a copy of the General Guidelines for Off-Campus Physical Education as well as the necessary forms for participation. These guidelines are for your information. **Credit will be granted only to those students who are participating in a program that is in total compliance with these guidelines.** Katy ISD has no control over the daily activities of the program, quality of the program, or qualifications of the instructor in the program. Katy ISD does not perform criminal background checks on the Off-Campus Physical Education Instructors. Katy ISD is not responsible for accident or hospitalization insurance.

Please read the enclosed guidelines carefully. For your child to be considered for a waiver to earn credit for physical education through this program, an application must be completed and returned to the counselor. Applications are due in the counselor's office by the end of the first week of the semester for which a waiver is being requested.

The program is available to only those students who are attending junior high or high school, grades 6-12, for the fall/spring semesters as allowed by the District and the Texas Education Agency (TEA).

Please feel free to contact me at (281) 396-2734, if I can be of further assistance or if you need additional information. Thank you for your interest in this program.

Sincerely,

Off-Campus Physical Education Guidelines**

PROGRAM DESCRIPTION- GRADES 6-12

The Off-Campus Physical Educator Program is a cooperative arrangement between the Katy Independent School District and the approved off-campus sponsoring facility/agency. These guidelines include a list of basic requirements/responsibilities that have been estimated by Katy ISD and the Texas Education Agency (TEA). These requirements must be met and maintained to be eligible for participation in the program. For a detailed description see EHAC (REGULATION).

Private or commercially sponsored physical activity programs, in which students participate intensive training above and beyond that of regular physical education classes, may be substituted for physical education credit for students in grades 6-12 as allowed by the District and the Texas Education Agency (TEA).

All sports/activities require individual, one-to one, directly supervised instruction. No team sports, including team sports private lessons, will be approved (i.e. basketball, hockey, lacrosse, soccer, softball, volleyball, etc.). Only sports that allow for individual scoring and individual advancement will be approved.

QUALIFYING CRITERIA

CATEGORY I: Requires a minimum of fifteen (15) hours per week of exceptional or high quality participation by the student (comparable to Olympic training level). This category allows the student to miss one period of the school day (as defined by TEA) due to the intensive training required by the program activity. At the high school level, Category I students must leave school for one period of the school day (either the first or last period of the day) due to the nature of the program activity. At the junior high level, Category I students have the option to leave during the one period of physical education or take an additional elective. All Category I waiver requests must be submitted to the TEA by the Curriculum Specialist for Health and Physical Education.

CATEGORY II: Requires a minimum of five (5) hours per week of appropriate participation by the student (i.e. swimming, gymnastics, ballet, etc.). The student is not allowed to miss any part of the school day for participation in this type of program. The term "appropriate" means that the substituted activity is in congruence with the Physical Education Texas Essential Knowledge and Skills (TEKS) as closely as possible, if not above and beyond the rigor of the standards.

ATTENDANCE

In addition to the minimum hourly requirements for each category, the student must participate in his/her activity for at least four (4) of the required hours spread over three (3) days falling between Monday through Friday of each week.

Attendance in the off-campus physical education program must comply with state compulsory attendance laws and the attendance for credit statute which requires a student to be present 90% of the days a class is offered in order to gain credit. Participation in events/activities related to the Off-Campus Physical Education Program should not affect the student's attendance at school. Absences resulting from participation shall be recorded as unexcused.

The student must participate in the Off-Campus Physical Education program for a minimum of seventeen weeks. Extended absences for injury or illness (not to exceed nine weeks) will be excused only with a physician's letter.

Category I students must arrive or depart school in a manner that does not affect the remainder of his/her classes. A pattern of late arrivals or early dismissals may result in the waiver being revoked.

GRADES, CREDITS, AND REQUIREMENTS

Credit will be determined on a pass/fail basis.

High school graduation requirements specify students must earn one (1) credit of physical education. A total of no more than four (4) credits of physical education can be earned toward graduation. Credit earned via a pe-waiver may constitute up to 4.0 state elective credits (up to 1.0 PE and up to 3.0 state elective credit or up to 4.0 total state elective credits should the PE credit already have been awarded for other PE course).

High school students may apply for an Off-Campus Physical Education Waiver to substitute one-half unit of physical education credit per semester, with the stipulation that students may not earn more than four (4) units of credit in physical education toward state requirements. Credits earned beyond four (4) units of physical education will not be authorized under an Off-Campus Physical Education Waiver and will count for local credit only.

High School students who are no longer eligible for the Off-Campus Physical Education Waiver and meet the criteria for the abbreviated day under FEB (REGULATION) may request an application from the campus for this alternative. The student must apply for this option annually.

Texas Education Code 38.101 requires annual physical fitness assessments in grades 3-12 beginning in the 2007-2008 school year. Both junior high and high school Category I and Category II students will be required to take the FITNESSGRAM assessment during the school year. Off-Campus Physical Education students will be notified by letter when and where the assessment will take place. The results of these assessments will be reported to the Texas Education Agency (TEA) annually.

TRANSPORTATION

Transportation to and from the sponsoring agency will be the sole responsibility of the student or the student's parent/guardian.

TRANSFER

The student may **NOT** transfer from a physical education or athletic class into an Off-Campus Physical Education program after the deadline for application. However, the student may withdraw from the Off-Campus Physical Education Program and transfer back to an on-campus physical education or athletic program. Participation in a varsity athletic program will be subject to UIL rules.

LIABILITY

The District and its officers or representatives shall be excluded from liability and/or medical expenses that may develop or result from the student's participation in an off-campus program including travel to and from the program. The district has no control over the daily activities of the program, quality of the program, or qualifications of the instructor. Katy ISD does not perform criminal background checks on the Off-Campus Physical Education Instructors.

A student's physical education waiver may be revoked if it is determined that the student's participation in the program no longer meets the criteria specified for the category chosen, if the student's attendance becomes irregular, or if a Category I student has a pattern of late arrivals or departures.
