School Day SAT for Juniors – March 4
Also see details in SAT School Day Student Guide (will be distributed mid-February)

ATTENTION JUNIORS: SAT SCHOOL DAY will be on MARCH 4, 2020

All juniors in Katy ISD will be automatically registered for the March 4 school day SAT, provided by and paid for by the district.

Questions? See Ms. DuBos-Rm. 9010.
Preparation Tip #2

**Before test day, identify colleges** you want to send your **FOUR FREE** score reports to.

College Board provides a step-by-step online program to search for colleges that are a good fit for students’ preferences for location, field of study, financial plan, etc.

See link 1 – Build Your College List/Exploring Colleges - at [https://opportunity.collegeboard.org/](https://opportunity.collegeboard.org/)

This will also help you on test day to find the college code in the twenty-one page list for field 15.
Preparation Tip #3

Narrow down your college major.

Use College Board’s step-by-step online program to locate your preferred academic area of study.

See link 1 – Build Your College List/Exploring Colleges - at https://opportunity.collegeboard.org/

This will also help you on test day to complete field 33-college majors.
Preparation Tip #4

Consider College Board scholarships.

College Board provides scholarship opportunities to students just for completing the six tasks they would normally undertake as they prepare for college.

See the full list of college prep actions & scholarship opportunities at the bottom of the screen at [https://opportunity.collegeboard.org/](https://opportunity.collegeboard.org/)

February 26 - March 18

Throughout today, whenever you think a negative thought about yourself, write it down. At the end of the day, go through each thought one by one and try to understand where it came from. For each thought, write a positive counter-thought.

Every story has at least two sides. We can always find the positive if we look hard enough.
At the start of a week, pick something about yourself that you would like to improve and work on it for that week.

For example, if you pick flossing the first day, continue to floss for all seven days. After the week is over, reflect on what you learned and how much you improved. Then try to continue to do it.
