6.12.17 / jav/19-6A, 2017-18
METHOD OF DETERMINING CHAMPION & DISTRICT PLAYOFF REPRESENTATIVES

Unless modified in 19-6A Team Sports Policy

A. Method of Determining District Championship
Each team shall play every other team in the district twice. At the end of the season, the team with the highest percentage of district wins will be champion (point totals in soccer), next highest percentage of district wins will be runner up; next highest will be third place, etc.

If two or more teams are tied for first place, co-champions, or tri-champions will be declared.

B. Method of Determining Playoff Representatives
The top four teams with the highest winning percentage (point totals in soccer) as described above will advance to the playoffs. These teams will be ranked as Champion(1st), Runnerup (2nd), Third, and Fourth places. If teams are tied for a playoff position refer to policy “C”.

C. Ties Policy

If two or more teams are tied for a playoff representative position after ranking by winning percentage (point totals in soccer), the following methods will be used.

Method 1

Two teams are tied

One team wins both contests-
If one team won both contests against the other team the winning team will receive the higher rank

Teams split the two contests-
If the both teams each won one contest against the other the following methods of breaking the tie will be followed:

Option A – Coaches may place teams in Playoff ranking, if mutually agreed upon by both Head Coaches. (ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A and B Head Coaches agree that Team A will be 2nd ranked and Team B will be in 3rd ranked)

Teams split the two contests- continued
If there is no mutual agreement on the ranking of the teams by Option A the coaches may choose Option B to determine ranking.

**Option B**- Coaches may flip a coin to determine playoff ranking, if mutually agreed upon by both Head Coaches. The winner of the flip will receive the right to choose which of the playoff rankings they will receive. (ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A wins the flip. Team A chooses to receive the 3rd ranking. Team B would receive the 2nd ranking.)

If there is no mutual agreement on using Option B to determine ranking, then a playoff game will be scheduled.

**Playoff Contest**- The details of the playoff game (date, time, site, officials, etc.) will follow the U.I.L. guidelines for single playoff contests. The winner of the contest will receive the right to choose which of the playoff rankings they will receive. (ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A wins the playoff contest. Team A chooses to receive the 3rd ranking. Team B would receive the 2nd ranking.)

**Method 2**

**Three or more teams are tied**

**Step One**
- Contests among the teams that are tied will be looked at as if it were a "Mini-District." The team within that group who has the highest winning percentage (point totals in soccer) will be given the highest rank.

- If a two way tie exists for the top ranking after ranking the teams by percentage, then Method 1 will be used to determine the top ranked team.

**Step Two**
- Once a team is awarded the highest rank and removed from the "Mini-District" pool, the tie breaking process will start anew using Methods #1 or #2 above.

**Three or more teams are tied- continued**

**Step Three**
- If after ranking the teams in a "Mini-District" format a tie exists between three or more teams the following methods of breaking the tie will be followed:
Option C – Coaches may place teams in Playoff ranking, if mutually agreed upon by all Head Coaches. (ex. Team A, Team B, and team C finished tied for the 1st, 2nd, and 3rd playoff rankings. All Coaches agree that Team A gets the 1st ranking, Team B gets the 3rd ranking, and Team C gets the 2nd ranking)

If there is no mutual agreement on the ranking of the teams by Option C the coaches may choose Option D to determine ranking.

Option D- Coaches may have a random selection process such as flipping coins or drawing lots to determine playoff ranking, if mutually agreed upon by all Head Coaches. The winner of the random process will receive the right to choose which of the playoff rankings they will receive. (ex. Team A, Team B, and Team C finished tied for the 2nd, 3rd, and 4th playoff rankings after looking at the “Mini- District Rankings”. Team A wins the random selection process. Team A chooses to receive the 3rd ranking. Team B and team C would also be ranked by the chosen random selection process.

If there is no mutual agreement on using Option D to determine ranking, then a series of playoff games will be scheduled.

Playoff Contest-The details of the playoff games (date, time, site, officials, etc.) will follow the U.I.L. guidelines for single playoff contests.

Three team Playoff
- In a three team playoff scenario one team will receive a bye using a random selection process. A maximum of two contests will be played to determine playoff rankings. (ex. Teams A, B, & C are tied. Team A receives the bye. Team B & C will play a contest to determine a winner. The loser of the contest between B & C has the right to the third choice of playoff rankings.

Three or more teams are tied- continued

Three team Playoff continued

The winner of the game between B & C and team A will then have the Choice of Option A or Option B. If there is no mutual agreement then the winner of the playoff contest between the winner of B & C and team A will have the first choice of playoff ranking. The loser will have the second choice of playoff ranking.
Four team Playoff

-In a four team playoff scenario teams will be matched using a random selection method. There will be a maximum two rounds (four contests) to determine playoff rankings. The first round contests should be at similar times. The winners of the first contests and the losers of the first contests will be matched in second round contests. Both the winners and losers may choose Option A or Option B to determine choices of playoff rankings. If no mutual agreement can be reached the winners of the contests in the second round will have the higher choices of playoff rankings. (ex. Teams A, B, C, & D are tied. Team A plays team B. Team C plays team D. Teams A & C win the first round contests. Team A & C will be matched against each other and Teams B & D will be matched against each other in the second round. The winner of the contest between A & C will have the first choice of playoff ranking. The loser of the contest between A & C will have the second choice of playoff ranking. The winner of the contest between B & D will have the third choice of playoff ranking. The loser of the contest between B & D has the right to the fourth choice of playoff rankins. Second round contests that will not determine a playoff ranking will not be played.

Five or more team Playoff

-If five or more teams are tied for a playoff position a random selection process will be used to reduce the number of teams remaining to four. Once the four teams have been established the tie breaking process will return to “Step Three” in “Method Two”

GAME TAPE EXCHANGE POLICY

- Football teams of District 19-6A will exchange three (3) games by HUDL. These may include the last game prior to your contest and any two games selected by your opponent. The first two games will be exchanged on Monday, two weeks prior to the game. If both teams play on Friday, the exchange of the most recent (last) game or any third game video will be by 8:00 a.m. on Saturday. If any games are played on Saturday, trade of the previous game will take place on Sunday morning by 8:00 a.m. If one team has an open date while the other doesn’t, then the video exchange follows the time schedule of the team playing and not the open team.
- All game videos which are traded are to be complete games, of good quality, not edited in any fashion. It is unethical to trade edited game tapes. Any coach found doing so will be subject to disciplinary procedures of the District Executive Committee.
- Videos to be exchanged shall be a "tight copy" and a "wide copy" for all three games.
  - All three games should be O/D/K.
- A member school of District 19-6A shall not allow the use of a game video or scouting report to any outside school for use in a game with a District 19-6A school during state playoffs.
- Tight Copy
  - This video should be framed to meet the following criteria:
    - Width should be from the deepest linebacker to the deepest offensive back including the tight end box at both ends of the line of scrimmage.
- Wide Copy
  - This video should be framed to meet the following criteria:
    - Width should be from the deepest defensive back to the deepest offensive back including all wide receivers and cornerbacks.

INCLEMENT WEATHER POLICY

- If a game cannot be completed on the date scheduled then the following policy will be followed:
  - Games scheduled for Thursday night canceled by inclement weather or electrical failure:
    - Same location on Friday, if possible.
    - Find another site on Friday. Head coaches must agree.
    - If teams are unable to find a location on Friday, games will be played on Saturday.
Games scheduled for Friday night canceled by rain or inclement weather:

Options:
- Find another site and play the game on Friday night as scheduled: a) Option to go to visiting school, if mutually agreeable; b) Option to find a neutral field.
- Play Saturday at original site, visiting site, or neutral field: a) Mutual agreement and/or b) district executive committee action.
- If conditions exist which do not permit any of the above persist: The district executive committee may reschedule district games for Monday night pending UIL approval. Then the game scheduled for the following Friday must be rescheduled for Saturday, to meet the five-day interval requirement of the UIL Football Plan of the Constitution and Contest Rules.
  - Note: It may be necessary to have the district executive committee reschedule a number of games.
- For non-district games - agreement between two schools involved.
- The final results for a Saturday game that cannot be completed or Friday game that is not rescheduled will be determined by:
  - If the game did not reach half-time, it will be considered a “no contest” unless the U.I.L. permits a continuance as requested by the District Executive Committee.
  - A game that reaches halftime or beyond before the stoppage of play will be determined a final score. If the score is a tie it will be recorded as a ½ win and ½ loss.
    - Note: The restart time of any suspended game on Saturday night should be set so that the end of the first half ends no later than 12:00am.

METHOD OF DETERMINING DISTRICT FOOTBALL PLAYOFF REPRESENTATIVES

- **NOTE:** A coin flip is the least desirable method of determining playoff representatives. Every effort will be made to determine playoff representatives by what was done on the field.

Method of Determining District Football Championship
- Each team shall play every other team in the district. At the end of the season, the team with the highest percentage of district wins will be champion, next highest percentage of district wins will be runner up; next highest will be third place, next highest will be fourth place.
- If two or more teams are tied for first place, co-champions, or tri-champions will be declared.
- Method of Determining Playoff Representatives
The top four teams per district advance to the playoffs.

The qualifying schools with the largest enrollment automatically advance to Division I bracket. The remaining qualifying two schools advance into Division II bracket.

When seeding the two teams within the either division, the team with the higher winning percentage will be listed as the "winner" and the team with the lower percentage as the "runner up."

If the two teams are tied, then the winner of those two teams in their head to head receives the high seed.

Enrollment figures used for the official reclassification and realignment procedure in October 2015 and for the subsequent realignment in February 2016 will be used to determine Division I and Division II representatives.

- Morton Ranch 3639
- Katy 3297
- Seven Lakes 3237.5
- Cinco Ranch 3171.5
- Taylor 2948.5
- Mayde Creek 2793.5
- Tompkins 2614
- Jesuit 2032

Ties Policy

If two or more teams are tied for a playoff representative position after ranking by winning percentage, the following methods will be used.

Method 1

- Two teams are tied
  - The winner of the contest between the two teams will receive the higher rank.

Method 2

- Three or more teams are tied
  - Step One
    - Contests among the teams that are tied will be looked at as if it were a "Mini-District." The team within that group who has the highest winning percentage will be given the highest rank.
    - If a two way tie exists for the top ranking after ranking the teams by percentage, then the winner of the contest between the two teams will receive the higher rank.
    - Once a team is awarded the highest rank and removed from the "Mini-District" pool, the tie breaking process will start anew using Methods #1 or #2 above.
  - Step Two
    - If after ranking the teams in a "Mini-District" format a tie exists between three or more teams, a "Positive and Negative Point Differential" will be used to determine the
highest ranking team. (A maximum of 21 positive or negative points can be accumulated in any one game.)

- If a two way tie exists for the top ranking after ranking the teams by "point differential", then the winner of the contest between the two teams will receive the higher rank.
- Once a team is awarded the highest rank and removed from the "Mini-District" pool, the tie breaking process will start anew using methods #1 or #2.

- **Step Three**
  - If after ranking the teams in a "Mini-District", "Positive and negative Points" format a tie exists between three or more teams, a coin flip will be used to determine the highest ranking team.
  - The coin-flipping method will be determined by mutual agreement of the schools involved.
  - Once a team is awarded the highest rank and removed from the "Mini-District" pool, the tie breaking process will start anew using Methods #1 or #2.

**SUB-VARSITY**

- **Makeup of Teams:**
  - Freshmen teams should consist of first year 9th graders only.
  - Sophomore and Junior Varsity teams may consist of 9th, 10th, or 11th graders.

NOTE: The length of quarters for all Sub-Varsity games can be shortened if mutually agreed upon by both head varsity coaches. Exception: Inclement weather.

- At sub-varsity games chain and down box may be run on the home sideline at the preference of the host school.

   A. **Seeding:** All teams will play a single round-robin format to determine the seeding for the top four teams.
   B. **Ties:** If two or more teams tie for any position after the round robin is completed, the winner will be determined by head-to-head wins first by the teams involved. If the tie is not broken, look at the number of individual match wins against the teams. If the match count is tied, the count will go to the number of sets won. If the number of sets won is tied, then count the number of sets lost.

I. METHOD FOR DETERMINING DISTRICT CHAMPION AND TIE BREAKER

A. District Champion and runner-ups will be determined by a point system. Three points for a win, one point for a tie, and zero points for a loss.

B. If TWO teams tie for either first, second, third or fourth place, the following order of procedures will be used to determine the placement:
   a. Head to head: If one team has come away from the head to head match up with more points (a win and a tie or two wins), that team will be declared the winner of that tie.
   b. If teams are still tied, then **goal differential (see below) between the teams involved will be used to determine placement (3 goal maximum per game).
   c. If both teams are tied in goal differential then a coin flip will determine placement for advancement into the state playoffs. Coaches can mutually agree on seeding in playoffs at this stage in place of the coin toss. However, both coaches need to be in agreement with this decision. If there is any discrepancy, the coin toss will take place. Winner of the coin toss will choose the seed.
   d. If teams are still tied after head to head and goal differential then a playoff game will be played to determine who advances.

C. If THREE or MORE teams tie for either first, second, third or fourth place, the following order of procedures will be used to determine the placement:
   a. Head to Head comparison between the teams involved will be used first. Using the point system described in A above.
   b. If any team is still tied, then **goal differential between the teams involved will be used to determine placement (3 goal maximum per game). If still tied, move to step c.
   c. If teams are still tied, Coaches may agree to place teams in playoff ranking, if no mutual agreement on the ranking of the teams can be reached then coaches will draw lots/coin flip to determine playoff ranking.
   d. If teams are still tied after head to head and goal differential then a playoff game will be played to determine who advances.

**Goal Differential Explained:** The difference in goals scored versus allowed in a given game. We allow a maximum of only 3 goals to be added or subtracted from goal differential per match. Example: If team A wins 6-2 over team B, team A would be assigned +3 and team B would be assigned -3 for that match.

II. ALL-DISTRICT SELECTION

A. All District selection meetings will be held at the coaches’ discretion.
III. **OFFICIALS (UIL guidelines will be followed)**
   A. A minimum of a two man system is desired for each district game.
   B. If the referees are not present, the game will not be delayed longer than 45 minutes waiting for the officials to arrive.
   C. If only one referee is present, the game may be played by mutual consent of both coaches.

IV. **OFFICIAL BALL**
   A. Any ball, that is NFHS or FIFA approved or sanctioned. The home team will be responsible to a minimum of 3 identical game balls.
   B. Ball Management
      a. Minimum of 2 people to run balls for the varsity games, provided by the home team.

V. **GAME TIMES AND DATES**
   A. A team’s warm-up time on the game field will be determined by the duration between the end time of the JV game and the scheduled start time of the varsity game. (For example, if the JV game ends at 6:25 and the varsity start time is 7:00pm, teams may warm-up for 35 minutes on the game field. However if the JV game ends at 6:45 and the varsity start time is 7:00pm, teams may only warm-up on the game field for 20 minutes, therefore the game would start at 7:05). Every attempt will be made to start the varsity game at the scheduled time. If your team requires more time to warm-up then you may warm-up on a practice field during the JV game. All player introductions and special events (Parent’s Night) should be taken care of during the warm-up time.
   B. We will always allow a **20 minute warm-up for varsity games** however; you must include player introductions and special events into this time allotment.
   C. **Game Times for 2016-2017 Season for teams playing JVB, JVA, V:**
      Tuesday/Friday – 4:30 (JVB will play 30 minute halves with a 5 minute halftime), 5:45 (JVA will play 40 minute halves with a 5 minute halftime), and 7:30pm for varsity. Note- JVB will keep the clock running on goals scored. Other stoppages will remain consistent with the JVA and Varsity games.
   D. **Game Times for 2016-2017 Season for teams playing JV and Varsity:**
      Tuesday and Friday – 5:00 and 7:00pm.

VI. **MAKE-UP GAMES**
   A. All varsity district games will be played.
   B. A game may be rescheduled only if field/playing conditions make safe play impossible. This will be determined by the officiating team at the site, or mutual consent by both coaches.
   C. If a game is called due to weather or field conditions prior to half time, the game will be replayed in entirety. Once a game reaches half time it is considered a complete game.
D. If more than one game is lost due to a natural disaster, games will be played on the open dates at the end of the season.

VII. DISTRICT STANDINGS AND STATISTICS
A. Coaches are asked to provide all game data in a timely manner to the District Executive Chairman, Mark Grisdale and Jimmy Krueger at Seven Lakes HS.
B. The winning team shall be responsible for calling in scores to the Houston Chronicle immediately after each varsity game. (If it ends in a tie, then the Home Team should call in the score.)

VIII. Video Policy
A. No District match films will be shared to schools outside of 19-6A.

District 19-6A Varsity Soccer Schedule will begin on Tuesday, January 24th, 2017.

District 19-6A Varsity Soccer will conclude their regular scheduled district season on Friday, March 10th.

District 19-AAAAAA Softball Policies
2016-2017

I. METHOD OF DETERMINING DISTRICT CHAMPION AND TIE-BREAKER

A. Method of Determining District Championship

Each team shall play every other team in the district twice. At the end of the season, the team with the highest percentage of district wins will be champion, next highest percentage of district wins will be runner up; next highest will be third place, etc.

If two or more teams are tied for first place, co-champions, or tri-champions will be declared.

B. Method of Determining Playoff Representatives

The top four teams with the highest winning percentage as described above will advance to the playoffs. These teams will be ranked as Champion (1st), Runnerup (2nd), Third, and Fourth places. If teams are tied for a playoff position refer to policy “C”.

C. Ties Policy

If two or more teams are tied for a playoff representative position after ranking by winning percentage (point totals in soccer), the following methods will be used.

**Method 1** – Two teams are tied

*One team wins both contests* - If one team won both contests against the other team the winning team will receive the higher rank

*Teams split the two contests* - If both teams each won one contest against the other the following methods of breaking the tie will be followed:

**Option A** – Coaches may place teams in Playoff ranking, if mutually agreed upon by both Head Coaches. (Ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A and B Head Coaches agree that Team A will be 2nd ranked and Team B will be in 3rd ranked)

*Teams split the two contests- continued*

If there is no mutual agreement on the ranking of the teams by Option A the coaches may choose Option to determine ranking.

**Option B**- Coaches may flip a coin to determine playoff ranking, if mutually agreed upon by both Head Coaches. The winner of the flip will receive the right to choose which of the playoff rankings they will receive. (Ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A wins the flip. Team A chooses to receive the 3rd ranking. Team B would receive the 2nd ranking.)

If there is no mutual agreement on using Option B to determine ranking, then a playoff game will be scheduled.
Playoff Contest - The details of the playoff game (date, time, site, officials, etc.) will follow the UIL guideline for single playoff contests. The winner of the contest will be awarded the higher seed.

Method 2 – Three or more teams are tied

Step One - Contests among the teams that are tied will be looked at as if it were a "Mini-District." The team within that group who has the highest winning percentage will be given the highest rank.

- If a two way tie exists for the top ranking after ranking the teams by percentage, then Method 1 will be used to determine the top ranked team.

Step Two- Once a team is awarded the highest rank and removed from the "Mini-District" pool, the tie breaking process will start anew using Methods #1 or #2 above.

Step Three-If after ranking the teams in a "Mini-District" format a tie exists between three or more teams the following methods of breaking the tie will be followed:

Option C – Coaches may place teams in Playoff ranking, if mutually agreed upon by all Head Coaches. (Ex. Team A, Team B, and team C finished tied for the 1st, 2nd, and 3rd playoff rankings. All Coaches agree that Team A gets the 1st ranking, Team B gets the 3rd ranking, and Team C gets the 2nd ranking)

If there is no mutual agreement on the ranking of the teams by Option C the coaches may choose Option D to determine ranking.

Option D- Coaches may have a random selection process such as flipping coins or drawing lots to determine playoff ranking, if mutually agreed upon by all Head Coaches. The winner of the random process will receive the right to choose which of the playoff rankings they will receive. (Ex. Team A, Team B, and Team C finished tied for the 2nd, 3rd, and 4th playoff rankings after looking at the “Mini-District Rankings”. Team A wins the random selection process. Team A chooses to receive the 3rd ranking. Team B and team C would also be ranked by the chosen random selection process.

If there is no mutual agreement on using Option D to determine ranking, then a series of single elimination playoff games will be scheduled.

Playoff Contest- The details of the playoff games (date, time, site, officials, etc.) will follow the U.I.L. guidelines for single playoff contests.

Three team Playoff-In a three team playoff scenario one team will receive a bye using a random selection process. A maximum of two contests will be played to determine playoff rankings. (Ex. Teams A, B, & C are tied. Team A receives the bye. Team B & C will play a contest to determine a winner. The loser of the contest between B & C has the right to the third choice of playoff rankings. However, if there are only two playoff spots available, then the loser of B and C will be eliminated from playoff seeding.

The winner of the game between B & C and team A will then have the Choice of Option A or Option B. If there is no mutual agreement then the winner of the playoff contest between the winner of B & C and team A will have the first choice of playoff ranking. The loser will have the second choice of playoff ranking.

Four team Playoff- In a four team playoff scenario, teams will be matched using a random selection method. There will be a maximum two rounds (four contests) to determine playoff rankings. The first round contests should be at similar times. The winners of the first contests and the losers of the first contests will be matched
in second round contests. Both the winners and losers may choose Option A or Option B to determine choices of playoff rankings. If no mutual agreement can be reached the winners of the contests in the second round will have the higher choices of playoff rankings. (ex. Teams A, B, C, & D are tied. Team A plays team B. Team C plays team D. Teams A & C win the first round contests. Team A & C will be matched against each other and Teams B & D will be matched against each other in the second round. The winner of the contest between A & C will have the first choice of playoff ranking. The loser of the contest between A & C will have the second choice of playoff ranking. The winner of the contest between B & D will have the third choice of playoff ranking. The loser of the contest between B & D has the right to the fourth choice of playoff rankings. Second round contests that will not determine a playoff ranking will not be played.

Five or more team Playoff - If five or more teams are tied for a playoff position a random selection process will be used to reduce the number of teams remaining to four. Once the four teams have been established the tie breaking process will return to “Step Three” in “Method Two.”

II. SCHEDULES OF GAMES
A. JV games will not be allowed to start a new inning if they are within 20 minutes of the start time of a varsity game. Game times will be 4:30 or 6:15 depending on site and whether single game or doubleheader.

A. Varsity games are to be made up on the first available playing date. Junior Varsity games are to be made up upon mutual agreement. Coaches should work through their respective athletic directors to determine the make-up game playing date.
B. Make-up games will not interfere with regularly scheduled games or tournaments.

IV. DISTRICT 19-6A GAMES CALLED BEFORE COMPLETION
A. If a district 19-6A varsity game is called at any point of the game, tied or untied, the game will be considered “suspended” and resumed, unless the run rule has been achieved, from the point of suspension on the next playable date.

V. GAME LIMITATIONS AND RUN RULES
A. All district games will consist of seven innings unless the run rule is invoked. A fifteen (15) run rule after three (3) innings will be employed and there will be a 10 run rule after 5 innings. All games will be played until a winner is determined (no international tie breaker will be invoked).

VI. PLAYING RULES
A. The current ASA Softball Rules shall govern district play.

VII. PREGAME WARMUP POLICY

X. ALL-DISTRICT TEAM SELECTION
   A. All softball coaches of the district shall select the official all-district softball team. The chairman of the selection committee shall be the head coach of the 5th place team. The coaches will meet on a mutually agreed upon date after the end of the regular season. The following positions will be selected.

   MVP, one only
   First Team: 8 infielders, 4 outfielders, 2 pitchers, 1 utility
   Second Team: 8 infielders, 4 outfielders, 2 pitchers, 1 utility
   Honorable Mention: Each coach will pick one from their team

   B. The district “Coach of the Year” will be selected by majority vote of head coaches.

I. METHOD OF DETERMINING DISTRICT BASEBALL CHAMPIONS
In accordance with UIL regulations, the first, second, third, and fourth place teams
will represent the district in the state play-offs.
They shall be determined as follows:
A. Teams with the best won-loss percentage will be declared the first, second,
third, and fourth place teams considering all district games in a double
round-robin schedule.
B. For ties see Method for Determining Champion below.

II. SCHEDULED GAMES (Schedule Below)
A. Varsity afternoon games will begin at 7:00 pm. Sub-varsity games will begin at
4:30 pm and 7:00 pm. The first sub-varsity game (usually the sophomore and/or
Junior Varsity “B” teams) will have a 2 hour and 15 minute time limit. No inning
shall start after the 2 hour and 15 minute limit time expires. In any game
following a first game, no inning shall begin after 10:00 p.m. on a school night
(i.e. Monday). The sub-varsity games will be played on Monday night and
Friday night opposite site of the varsity games.
A round-robin schedule will be played.
Changing of scheduled date must be by the 19-6A District Chairman. The athletic
office of the home team involved will contact all other district schools.

III. RAINED OUT GAMES / MAKE-UPS / TESTING
All games must be played as scheduled, unless the game is rained out. Rained out
games are to be made up on the first available playing date. Saturday is included as a
playing day for make-up games.
The home team must contact the visiting team(s) by 2:00 pm on the rescheduled game
date to advise that opponent if the field is not playable.
District varsity games are generally scheduled on Tuesdays and Fridays. However,
there will be no games scheduled on Good Friday, March 25 and will instead be
played on Thursday, March 24. Good Friday could be used as a make-up date if
agreed upon and approved by 19-6A district administration and coaches involved.
Tuesday, March 28 and March 30 are EOC testing days. Sub-varsity games will be
played on March 27 and will split sites with each game beginning @ 4:30 p.m.
IV. DISTRICT 19-6A GAMES CALLED BEFORE COMPLETION

If a district 19-6A varsity game is called at any point of the game, tied or untied, the game will be considered "suspended" and resumed, unless the run rule has been achieved, from the point of suspension on the next playable date.

V. TYPE OF BASEBALL TO BE USED

Only the DIAMOND D-1 Pro baseballs are to be used in district play.

VI. UMPIRES

The home team is responsible for obtaining at least two umpires for each game.

The secretary of the chapter of baseball umpires shall furnish a list of all available umpires for District 19 6-A baseball games. In the event a scratched umpire is scheduled, every effort must be taken to obtain an acceptable umpire before playing the game. If the game is canceled, it must be played on the next available playing date.

VII. PLAYING REGULATIONS

The home team will furnish new game balls. The game ball being used must be a DIAMOND D-1 Pro. The home team will take infield at 5:30 pm; the visiting team will take infield at 5:40 pm. Ten minutes will be used to finalize preparations on the field.

The game will then be played in accordance with the “National Alliance Edition Rules” published by the National Federation of State High School Athletic Association, except:

A. Seven innings will constitute a complete game.
B. Courtesy runners may be used in district games.
C. At the end of the fifth inning or any inning thereafter, if a team has a lead of 10 runs or more, the game will be called complete.
D. If a sub-varsity game is preceded by another sub-varsity game, the first sub-varsity game (usually the sophomore team) will have a 2 hour and 15 minute limit. No inning shall start after the 2 hour and 15 minute limit time expires. In any game following a first game, no inning shall begin after 10:00 p.m. on a school night (i.e. Monday).
E. The home team must be notified 30 minutes prior to game-time if circumstances prevent the visitors from being able to be at the venue on time.
F. All artificial noise-makers (air horns, bells, drums, etc.) are prohibited at all 19-6A baseball contests.

VIII. PITCH COUNT LIMITS

a. HIGH SCHOOL PITCHERS WILL BE LIMITED TO NO MORE THAN 110 PITCHES PER DAY
Rest Chart

b. High School Pitch Count (Grades 9 through 12):
   i. 0-30 pitches 0 days rest
   ii. 31-45 pitches 1 day rest
   iii. 46-65 pitches 2 days rest
   iv. 66-85 pitches 3 days rest
   v. 86-110 pitches 4 days rest

   - During regular season, pitch count total is determined after each single game appearance
   - Only official game pitches will count. (not warm up pitches)
   - Rest Chart Rest is defined as not using a pitcher in a contest.
   - Rest days are counted for the full day regardless of appearance start time.
     (ex: Pitcher throws 95 or 97 pitches (this is based on pitch count limit selected) on Friday morning of tournament. Rest days are Sat, Sun, Mon, and Tues. He is eligible to pitch on Wednesday, not Tuesday night.)
   - A pitcher will be allowed to complete current at-bat even if they hit pitch count max during the at-bat, but must exit game as a pitcher after that hitter regardless of recording an out or number of outs in inning.
   - There are no restrictions on allowing any game day pitcher (starter or reliever) from resuming play in the field after being removed as a pitcher, regardless of pitch count.
   - There will be NO change to regulations in post-season play. (i.e.: no increase in pitch count max or leeway in rest days)

c. Tournament or Series:
   - In multi game series or tournaments, pitch count can be divided into separate appearances as long as combined total does not exceed appropriate pitch count max. Days of rest will be determined by final pitch count of the series or tournament.
   - (ex: In post season series, starter goes (X) innings for a total pitch count of (X) (amount not exceeding max count) in first game of 3 game series. That same athlete can be used as short reliever in either of next 2 games of the same series, up to combined total pitch count max (85/110). At conclusion of second appearance, combined total number of pitches will determine days of rest based on chart.)

b. Back to Back Games due to postponement:
   - In the case of games that are rained out, and rescheduled on consecutive nights, pitch counts will follow the series protocol.

c. Double Header:
   - In the case of a doubleheader, the second game will not serve as a rest day for pitchers who threw in the first game. However, pitch count max can be split up between both games and total pitches after second appearance will determine rest day period.
   - ****If pitcher is used twice in 3-day series, the rest day start period will begin after the second appearance even if there was a day of rest in between.

d. Pitch Count Accountability and Reporting
   - UIL Pitching Regulations and procedures apply to all levels of play.
     (Junior High, Freshman, JV, and Varsity)
• Each game will need an official pitch counter provided by the home team. The official pitch counter will not be allowed to be in the dugout. Coaches/team representative will meet between innings to verify counts. Pitch counts will be verified at the conclusion of the game with a signature on a verification form.
• DEC will establish the means for the record of tracking pitches and the protocol for game reporting for both pre-season and district play. DEC will maintain record of pitch counts and establish procedures accordingly.
• The home team is responsible for getting the signed form to their District Chair within 48 hours of the end of the contest for filing.
• District Chairs are responsible for keeping the Certification and providing access to those numbers when requested.
• In post season, official pitch counts MUST be entered in Max Preps after each game. The home team will provide the official pitch counter (the same as in regular season games).
• Should any dispute arise, the primary source for final pitch count will be the official scorebook/count of the home team.
• Umpires will NOT have any kind of jurisdiction or involvement in pitch count.

c. **Penalties**
• Alleged violations of the Pitch Count Rule occurring during the regular season will be handled by the District Executive Committee in accordance with section 29 of the UIL Constitution and Contest Rules.
• Alleged violations of the Pitch Count Rule occurring during the post season will be handled by the State Executive Committee in accordance with section 27 of the UIL Constitution and Contest Rules.

IX. **CHAMPIONSHIP TROPHIES**
Each school is responsible for purchasing its own championship trophy.

X. **COACHES' ALL-DISTRICT TEAM**
The all-district selection meeting will be held on the first Tuesday after District Certification Date at TBA. The 5th place team will name the location and will also chair the meeting.

METHOD OF DETERMINING CHAMPION & DISTRICT PLAYOFF REPRESENTATIVES

A. Method of Determining District Championship
Each team shall play every other team in the district twice. At the end of the season, the team with the highest percentage of district wins will be champion; the next highest percentage of district wins will be runner up; next highest will be third place, etc.
If two or more teams are tied for first place, co-champions, or tri-champions will be declared.

B. Method of Determining Playoff Representatives

The top four teams with the highest winning percentage as described above will advance to the playoffs. These teams will be ranked as Champion (1st), Runner-up (2nd), Third, and Fourth places. If teams are tied for a playoff position refer to policy "C".

C. Ties Policy

If two or more teams are tied for a playoff representative position after ranking by winning percentage, the following methods will be used.

Method 1

Two teams are tied

One team wins both contests-
If one team won both contests against the other team the winning team will receive the higher rank

Teams split the two contests-
If the both teams each won one contest against the other the following methods of breaking the tie will be followed:

Option A – Coaches may place teams in Playoff ranking, if mutually agreed upon by both Head Coaches. (Ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A and B Head Coaches agree that Team A will be 2nd ranked and Team B will be in 3rd ranked)

Teams split the two contests- continued

If there is no mutual agreement on the ranking of the teams by Option A the coaches may choose Option B to determine ranking.

Option B- Coaches may flip a coin to determine playoff ranking, if mutually agreed upon by both Head Coaches. The winner of the flip will receive the right to choose which of the playoff rankings they will receive. (Ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A wins the flip. Team A chooses to receive the 3rd ranking. Team B would receive the 2nd ranking.)

If there is no mutual agreement on using Option B to determine ranking, then a playoff game will be scheduled.

Playoff Contest-The details of the playoff game (date, time, site, officials, etc.) will follow the U.I.L. guidelines for single playoff contests. The
winner of the contest will receive the right to choose which of the playoff rankings they will receive. (Ex. Team A and Team B finished tied for the 2nd and 3rd playoff positions. Team A wins the playoff contest. Team A chooses to receive the 3rd ranking. Team B would receive the 2nd ranking.)

Method 2

Three or more teams are tied

Step One
- Contests among the teams that are tied will be looked at as if the teams involved were a "Mini-District." The team within that group who has the highest winning percentage will be given the highest rank.

- If a two way tie exists for the top ranking after ranking the teams by percentage, then Method 1 will be used to determine the top ranked team.

Step Two
- Once a team is awarded the highest rank and removed from the "Mini-District" pool, the tie breaking process will start anew using Methods #1 or #2 above for the remaining teams.

Three or more teams are tied- continued

Step Three
- If after ranking the teams in a "Mini-District" format a tie exists between three or more teams the following methods of breaking the tie will be followed:

Option C – Coaches may place teams in playoff ranking, if mutually agreed upon by all Head Coaches. (Ex. Team A, Team B, and team C finished tied for the 1st, 2nd, and 3rd playoff rankings. All Coaches agree that Team A gets the 1st ranking, Team B gets the 3rd ranking, and Team C gets the 2nd ranking)

If there is no mutual agreement on the ranking of the teams by Option C the coaches may choose Option D to determine ranking.

Option D- Coaches may have a random selection process such as flipping coins or drawing lots to determine playoff ranking, if mutually agreed upon by all Head Coaches. The winner of the random process will receive the right to choose which of the playoff rankings they will receive. (Ex. Team A, Team B, and Team C finished tied for the 2nd, 3rd, and 4th playoff rankings after looking at the “Mini-District Rankings”. Team A wins the random selection process. Team A chooses to receive the 3rd ranking. Team B and team C would also be ranked by the chosen random selection process.

If there is no mutual agreement on using Option D to determine ranking, then a series of playoff games will be scheduled.
Playoff Contest: The details of the playoff games (date, time, site, officials, etc.) will follow the U.I.L. guidelines for single playoff contests.

Three Team Playoff (If tie still exists after "Mini-District" ranking)
-In a three team playoff scenario one team will receive a bye using a random selection process. A maximum of two contests will be played to determine playoff rankings.
(Ex. Teams A, B, & C are tied. Team A receives the bye. Team B & C will play a contest to determine a winner. The loser of the contest between B & C has the right to the third choice of playoff rankings.

Three or more teams are tied: continued

Three team Playoff continued
The winner of the game between B & C and team A will then have the Choice of Option A or Option B. If there is no mutual agreement then the winner of the playoff contest between the winner of B & C and team A will have the first choice of playoff ranking. The loser will have the second choice of playoff ranking.

Four Team Playoff (If tie still exists after "Mini-District" ranking)
-In a four team playoff scenario teams will be matched using a random selection method. There will be a maximum two rounds (four contests) to determine playoff rankings. The first round contests should be at similar times. The winners of the first contests and the losers of the first contests will be matched in second round contests. Both the winners and losers may chose Option A or Option B to determine choices of playoff rankings. If no mutual agreement can be reached the winners of the contests in the second round will have the higher choices of playoff rankings. (ex. Teams A, B, C, & D are tied. Team A plays team B. Team C plays team D. Teams A & C win the first round contests. Team A & C will be matched against each other and Teams B & D will be matched against each other in the second round. The winner of the contest between A & C will have the first choice of playoff ranking. The loser of the contest between A & C will have the second choice of playoff ranking. The winner of the contest between B & D will have the third choice of playoff ranking. The loser of the contest between B & D has the right to the fourth choice of playoff rankings. Second round contests that will not determine a playoff ranking will not be played.

Five or More Team Playoff (If tie still exists after "Mini-District" ranking)
-If five or more teams are tied for a playoff position a random selection process will be used to reduce the number of teams...
remaining to four. Once the four teams have been established the tie breaking process will return to “Step Three” in “Method Two”
