• Adopted during the 1999 Legislature,
  Schools F.I.R.S.T. is a statewide rating system implemented
  in 2003 beginning with the 2001-2002 fiscal year.

• TEA implemented numerous changes effective over the
  years and continue to do so.
Purpose

• Expands the public education accountability system in Texas to the Financial Services.

• Primary goal is to improve the management of school districts’ financial resources.

• Assure the maximum allocation of resources for direct instructional purposes.
• Several new indicators are more easily recognized and interpreted by both the public and the finance industry.

• Several new indicators have a wider sliding scale range to allow a high, medium, or low points award for those indicators (from 0 to 10 points).

• Failure to meet the requirements of any critical indicator would cause a failure of FIRST.
