Dear open-records administrator:

Under the Texas Public Information Act, I’d like to request an electronic listing of all Katy Independent School District employees.

Specifically, I’m seeking a spreadsheet, database or delimited text file(s) — not paper records or a PDF created from data — with the following fields for each employee: Name, title, department, race, gender, hire date, employment status/type (full-time, part-time, 9-month salary, etc.) and gross annual salary. If you cannot produce all of these fields, please let me know. In addition, please include any look-up tables that may be needed to interpret the data.

I want to stress that I’m not seeking any records that are prohibited from release either by statute or previous rulings by the Texas Attorney General or the courts. Please let me know if you feel any records in the fields I’ve requested are confidential, and I’ll consider amending my request.

Also, please let me know if clarifying the request might speed the release of the data, reduce any programming time and, most important, avoid a referral to the Attorney General.

We’re comfortable working with large data sets and can receive the records in a variety of formats (.csv, .xls, .xlsx) and media (CD, DVD, ftp).

I seek this information in the public interest as a journalist, and not for a commercial purpose. Therefore, I’m requesting that you waive any fees, as allowed under the Act. If this is not possible, please provide a detailed list that breaks down each charge that equals the total amount.

Thank you again for your time. Let me know if you have any questions.
