

Alton L. Frailey  
SUPERINTENDENT

May, 2010

Dear New Katy ISD Teacher,

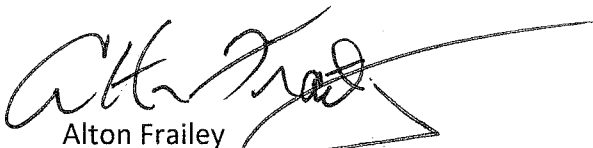

On behalf of our staff members, I personally welcome you to the Katy Independent School District. You have elected to join an organization that is dedicated to a positive and challenging teaching and learning environment that leads to higher achievement for each student.

Through the combined efforts of staff, parents, students, and Board of Trustees, our students consistently outperform students throughout the state on the Texas Assessment of Knowledge and Skills (TAKS) and surpass both state and national averages on college entrance exams. Again this year, outstanding achievement produced a "Recognized" accountability rating for Katy ISD. Also, eighty students representing all six high schools were recognized in national scholarship competitions, with 48 National Merit Scholar semifinalists. The accolades go on and on . . .

As part of our commitment to your continued professional learning, the district will provide you with two days of training designed specifically for teachers new to the district. New Teacher Orientation is scheduled for August 12 and 13, 2010. Please report to your home campus on August 12<sup>th</sup> from 8:00 AM - 4:00 PM for campus professional learning, where you will also receive your schedule for the next day. On August 13<sup>th</sup> from 8:00 AM - 4:00 PM, you will attend District training sessions at locations throughout the district. For more information, go to <http://www.katyisd.org> and click on the *New Hire Information* button.

We look forward to having you join our Katy ISD school community and know that your contributions will make a positive difference in the lives of the children we serve.

Sincerely,

Alton Frailey  
Superintendent
