A Little About Me

Hi! My name is Mirna Mercado. I attended the University of Houston-Downtown and earned a degree in Interdisciplinary Studies, and then received my graduate degree in Counseling from the University of Houston-Clear Lake. I've been in education for about 12 years. I strongly believe that we're all here to serve the students and working together as a team will help them succeed academically, socially, emotionally, and in all areas in their life. I am excited to be part of the Rhoads Elementary family, and I am here to support in any way possible.

Ways I Help Students:

- Individual Counseling
- Group Counseling
- Help with academic problems
- Help with social-emotional or behavior problems
- Help with changes or transitions like moving, starting in a new school, divorce, or experiencing a loss

02

03

Ways I Help Parents:

- Provide information and resources
- Collaborate to create a positive and supportive learning environment for your child
- Work together to address any behavioral or social-emotional problems
- Share ideas on how to set and enforce rules at home
