Before School Car Rider Drop-Off

- Parents wishing to drop students off before school, will do so through the front drive of MCE.
- Cars will enter the front drive, remaining on the right next to the side-walk. When the line fills up, a second line will form to the left of the right line starting at the corner entering the loop.
- At the corner cars will merge, one after another, entering the drive loop.
- Staff and Safety Patrol students will exit the students from the passenger side of the car.
- Once students are exited from the car, cars will pull forward and exit onto Greenhouse Road.

- Please do not wait to exit your students until they are at the front doors. Staff and Safety Patrol will ensure safe entry to the building.
- Staff and Safety Patrol will discontinue exiting students and personally enter the building at 8:15am. Please be in line prior to 8:10 am to ensure safe and on-time entry. Tardy bell rings at 8:20am and all students are expected to be in their classroom by 8:20am. To ensure the safety of your student all students entering after 8:15am will need to have the parent park their car and walk their student to the front door. After 8:20, the parent will need to enter the building and sign their student in late.
