Submit your entry between
October 12 - November 13

Finalist Presentation
November 20

What's this competition?

The IDEAS Pitch competition is designed for students to share their creative ideas and social innovations. Individuals or teams can compete in the competition by delivering a pitch to a panel of judges.

Students should pitch a product or service that explores innovative approaches to answering pressing sustainability and societal needs.

The competition is open to houston-area high school, college students.
