Differences between Elementary & Junior High

MORE FREEDOM!!

- School starts @ 8:55 AM
- School ends @ 4:05 PM
- Most 6th grade Classes are on the 1st floor
- 7 classes plus lunch and advisory
 - All students have advisory to allow time to do homework, study, organize work, Character Strong (community building/character lessons)
- 45 minute class periods & 5 minute passing period
- Lockers available
- Core classes
 - Math, Science, English, Reading & Social Studies
- Non-core classes
 - Elective, PE

Differences between Elementary & Junior High

MORE FREEDOM!!

- Cafeteria - Multiple options
 - Different lunch lines that offer snack bar options, hot lunch, etc
 - You can sit wherever you want at lunch
- Many Clubs & Activities
- The opportunity to make a lot of new friends
- Tardies!!: Students need to get to class on time every period
- Expect more homework, responsibilities, & self management
- Attend tutorials
- Canvas is used in all courses
- Student IDs/lanyards must be worn at all times

Differences between Elementary & Junior High

- Backpacks are allowed to be carried to each class. Rolling backpacks are not allowed.
- Technology allowed during lunch, and it is the responsibility of each student. Misuse of technology can lead to revocation of technology privileges at school.
- Students go between classes, to the restroom, lunch, and PE by themselves, not escorted by teachers.
- Student planner/tracker - highly recommend to organize classwork and homework for your 7 classes.

Choosing Courses

Three Class Format:

Academic - For everyone, on grade level, more time to review concepts, prepares students for college as well as other postsecondary education. Your classes in elementary are at the Academic level.

KAP - More challenging, fast paced, prepares students for AP classes in high school. *We recommend students have an "A" average in an Academic class

GT - Must be currently screened and identified

Choosing Courses

The decision to take academic or KAP should be made between you, your parents, and your teachers. Think about:

- Your interests and strengths
- How hard you are willing to work
- The grades you have earned in school and the kind of grades you like to make
- Motivation and attitude
- Standardized test scores
- Study habits
- Extracurricular activities and time commitments
- How quickly you catch on to new material

KAP PROGRAM INFORMATION

- Although we highly encourage students to stay in a KAP class, they may exit a course during the first 6-weeks grading period or at the end of the 1st semester.
- The student must have teacher and parent approval to exit.
- If the student's 6-weeks average falls below 70, the student will be placed into an Academic class at the end of the grading period unless otherwise recommended by the teacher.

KAP Course Commitment
8th Grade Course Selection Worksheet
2018-2019

APPLYING Course Commitment
The KAP program is designed to challenge students to achieve academic excellence and maximize their potential. Students who participate in KAP courses must understand the commitment required to succeed in these courses. This document outlines the expectations for students, parents, and teachers who choose to participate in KAP courses.

Choosing Advanced Academics
KAP courses are designed to challenge students to achieve academic excellence and maximize their potential. Students who participate in KAP courses must understand the commitment required to succeed in these courses. This document outlines the expectations for students, parents, and teachers who choose to participate in KAP courses.

Parent Commitment
The parent must be aware of the commitment required for their child to participate in KAP courses. The parent must understand the expectations for their child and be prepared to support their child's academic journey. The parent must also be aware of the potential consequences of not meeting these expectations.

Teacher Commitment
The teacher must be aware of the commitment required for their students to participate in KAP courses. The teacher must understand the expectations for their students and be prepared to support their students' academic journey. The teacher must also be aware of the potential consequences of not meeting these expectations.

The KAP Course Commitment form is included on the back of the course selection sheet.

Math for 6th Graders

6th, 7th, and 8th grade math classes are the foundations for high school math classes and should not be rushed.

Academic Math - on grade level curriculum

- ❖ Students will have math homework weekly to practice the concepts
- ❖ Students will learn 6th grade math skills/concepts only
- ❖ There are approximately 64 objectives covered

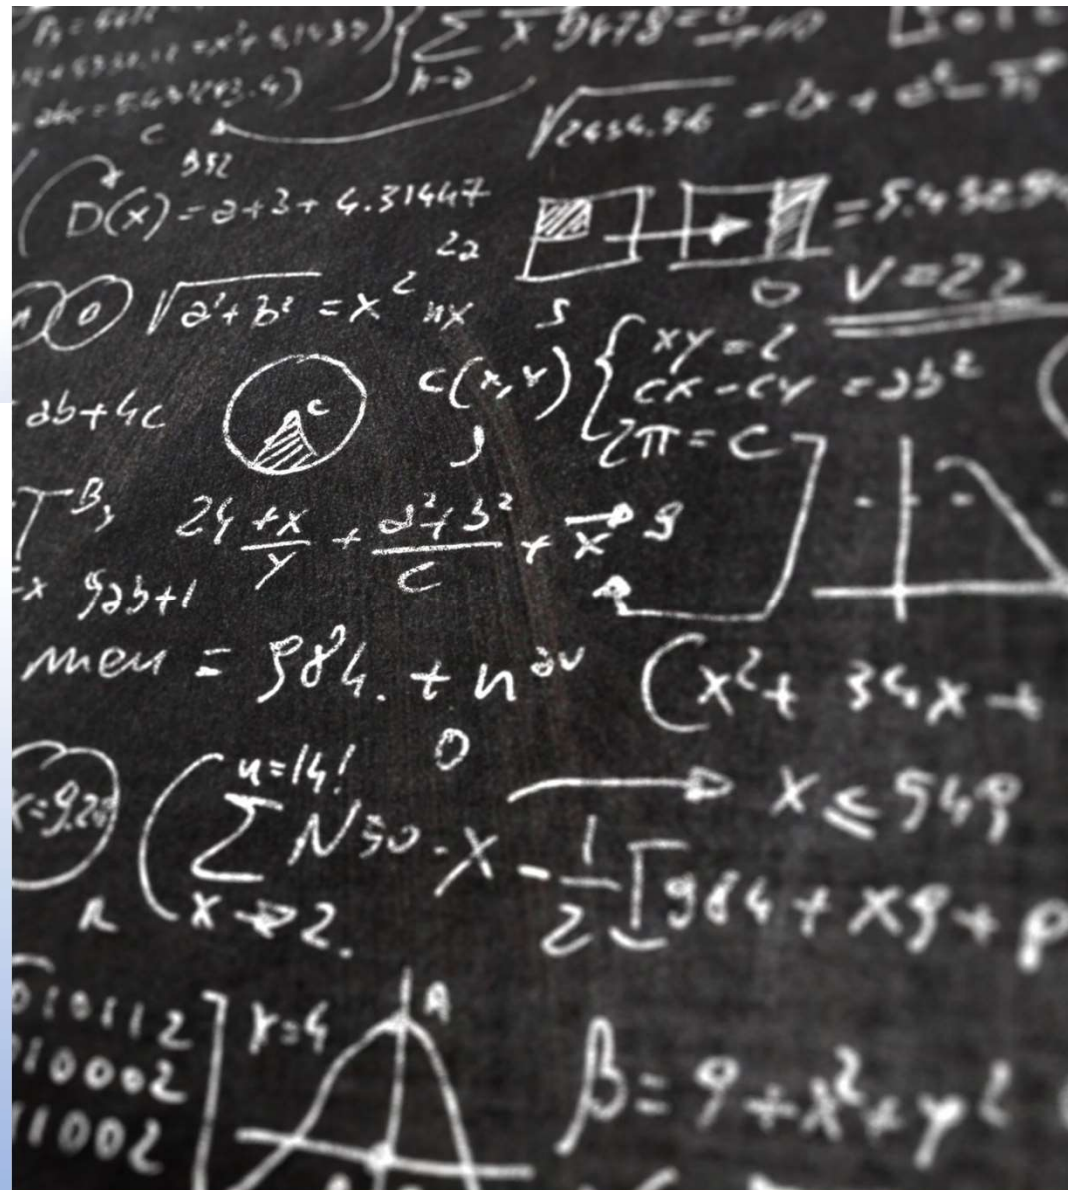

KAP Math - accelerated math class covering all of 6th grade and approximately $\frac{1}{2}$ of 7th grade math curriculum

- ❖ A new concept is learned almost every day
- ❖ Students will have math homework every night to practice the concepts
- ❖ KAP math focuses on preparing students for High School Algebra I in 8th grade
- ❖ There are approximately over 80 objectives (1/2 of them are 7th grade)
- ❖ Students who earn "Masters" on 5th grade STAAR are automatically placed in 6th Math KAP

- * 6th grade KAP Math Students will take the 6th grade STAAR
- * Current high achieving students in 5th grade math can take a Credit By Exam (CBE) for 6th grade Math this summer (June/July testing windows). Students who pass the 6th grade Math CBE will be eligible to take 7th grade KAP Math in 6th grade.

Characteristics of a KAP Math Student

- ❖ Problem solver in everyday situations
- ❖ Has developed strong learning & study habits
- ❖ Shows perseverance when challenged
- ❖ Displays emotional maturity when frustrated
- ❖ Demonstrates reasoning skills pertaining to mathematical concepts in everyday life
- ❖ Shows confidence in their own math abilities
- ❖ Strong/mastered fast facts skills
- ❖ Willingness to ask questions in class and seek out help
- ❖ Strongly values learning - loves to learn!

KAP Math for 6th-8th Grade

KAP is the compacting of the junior high curriculum from 3 years to 2 years so that your child would be able to take Algebra I (a high school credit class) by 8th grade.

By taking your first high school math class in junior high, this frees up your child's senior year, to choose to take AP calculus, AP statistics, or other dual credit college credit math classes.

ELA-R, Science, and Social Studies

- ❖ The difference in academic and KAP for English Language Arts & Reading (ELA-R), Science, and Social Studies comes in the *resources/materials used and performance expectations*.
- ❖ KAP is built upon the core academic curriculum and is designed to build student capacity to understand more rigorous content.
- ❖ KAP is designed to help prepare students for advanced courses in high school.
- ❖ ELA-R is blocked meaning it is 2 class periods in a row with the same teacher.

Masters Level on STAAR

- If a student scores "Masters" on their 5th grade STAAR in Math or Reading, they will automatically be put into the correlating KAP course.
- In SchoolLinks the KAP course will be preloaded for these students.
- If you would prefer that we honor the level of courses on the course selection sheet, please opt out of automatic placement on the course selection sheet.
- There will also be opt-out information coming for those who would be automatically moved into KAP courses.

Use this list of courses as a guide to help you select your classes in SchoolLinks. Each student must select one course from each of the required areas: English, Math, Science, Social Studies and PE. GT placement requires the student to have met specific Katy ISD screening criteria.					
DIRECTIONS: CIRCLE one course from each of the required areas of English, Math, Science, Social Studies and PE. Mark required courses by circling the course number for the course.					
IMPORTANT: List Fine Arts/Elective choices in order of preference. Students may not receive their first choice elective due to insufficient enrollment in a course, scheduling conflict, or over enrollment in course. Final placement into courses is contingent upon campus approval. Student and parent signatures certifying that all course guidelines have been reviewed and course selections have been made based on the student's individual strengths, interests and commitment.					
IMPORTANT NOTE: Per SB 2124, incoming 6th grade students who perform in the top two quintiles (40%) on their 5th grade Reading, Math, or Science STAAR tests will be automatically placed in the corresponding KAP course. All adjustments will take place during the summer or early August, depending on the date STAAR results are released. If you DO NOT agree to automatic placement for your child, based on their 5th grade STAAR performance, circle OPT-OUT for each of the subject areas listed below:

Possible Required Courses

These courses take the place of your elective class.

- ❖ **Math Lab:** designed to help refine math concepts and fill in gaps
- ❖ **Strategic Reading:** designed to help improve reading proficiency and comprehension

Placement may be mandatory as a result of KISD standards and graduation requirements.

STAAR results are used to determine placement in the above courses.

- 6th grade is allowed to choose 1 elective for the year.
- Please be aware that some electives require after school commitments.
- Electives have assignments & receive numeric grades.
- 6th grade electives:
 - Art, Band, Choir, Orchestra, Theatre, and Lead Worthy Intermediate
- Due to the high demand of certain electives, placement in elective courses will be limited based on availability and is not guaranteed.

Electives

Do Consider...

- Your interests and what you would like to learn about
- How much time outside of school is needed to participate/practice in the elective class
- What do you like to do for fun
- What outside time constraints do you have?

Don't Consider...

- Your friend's choice
- Cool field trips (a field trip is only one day)

LEADWORTHY INTERMEDIATE (6TH)

Leadership development and character education specifically designed to empower 6th grade students to lead with heart.

Students will:

Make new discoveries about themselves and others
Grow connected with classmates through team-building activities
Think critically and thoughtfully about real life situations
Participate in group discussions and collaborate with classmates
Confidently share their thoughts, feelings, and opinions
Listen well to the ideas and perspectives of others
Understand personal responsibility
Lead with heart

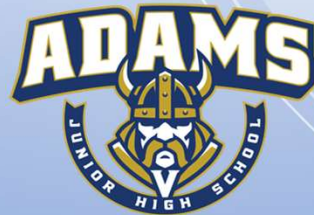

9 Leadworthy Character traits are woven into the course. The curriculum teaches these traits explicitly and gives students the opportunity to practice each in a low-pressure space. They are:

Empathy	Kindness
Self-Direction	Courage
Teamwork	Perseverance
Responsibility	Integrity
Respect
