

COURSE SELECTION

Current 7th Graders going to 8th
Grade.

COURSE SELECTION PROCESS

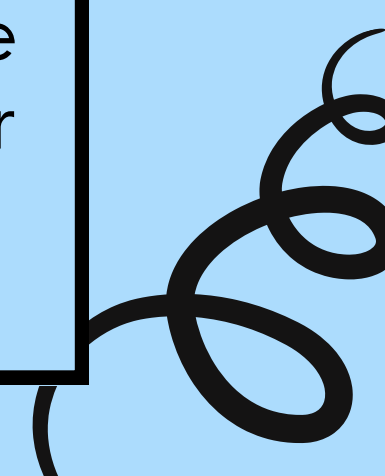

2023-2024 School Year

January 20th - January 31st:
SchoolLinks will be open for students to
complete course selections.

February
During the month of February, we will meet with
students individually to ensure they're courses
have been entered correctly.

After Spring Break, students will have one final
chance to look at their choices & inquire about
changes.

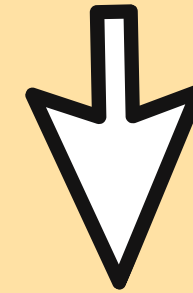

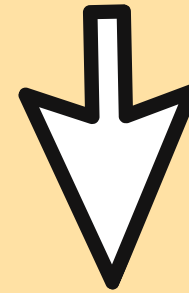

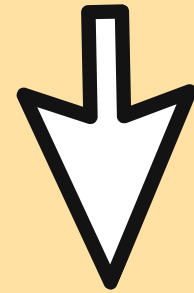

REMEMBER: Course Selection is designed so
that we can place students in the classes that
they want, but we must consider the BEST
placement for them. What they choose may not
be the final class that they are assigned, but we
will do our best to honor their wishes and factor
in anything that will impact their learning. (SPED,
504, etc.)

COURSE SELECTION OVERVIEW

Every 7th Grader moving to 8th grade will have the following courses:

Reading &
Language
Arts

Math

Social
Studies

Science

PE or
Athletics

2 Electives
or STAAR
Intervention
Courses

THINGS TO THINK ABOUT

KAP or NO KAP?

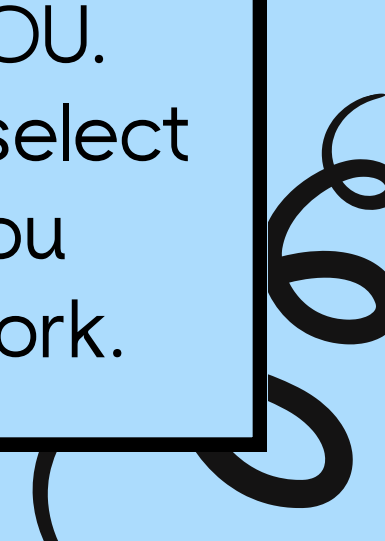

KAP is a more challenging course, fast-paced, and more homework.

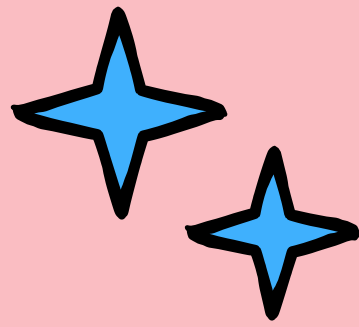

PE or ATHLETICS?

PE is something that EVERYONE can take. Athletics is aimed at students wanting to get stronger while playing sports. You can sign up, but remember all sports, except football will have tryouts.

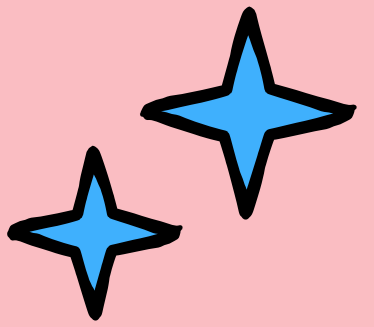

ELECTIVES:

Be sure to sign up for something that interests YOU. Don't be afraid to try something new! When you select your alternates, be sure to select courses that you would be okay taking, if your first choice didn't work.

ELECTIVE OPTIONS

In 8th grade, the options for electives increase!
Along with Choir, Theatre, Band, Art, & Orchestra, you will have the options below.

PRINCIPLES OF HUMAN SERVICES

This course addresses a broad range of knowledge and skills related to personal development, management and preparation for adult roles.

PRINCIPLES OF APPLIED ENGINEERING

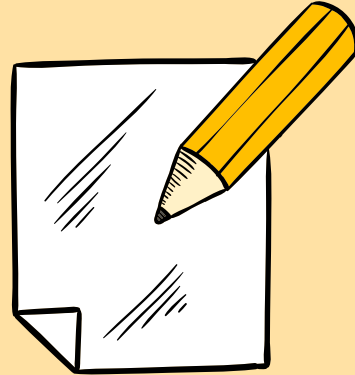

This course incorporates an extensive collection of computer applications and peripherals to discover the underlying principles of technology.

TOUCH SYSTEMS/ WEB COMMUNICATIONS

This course is designed to help you learn how to navigate technology. (typing, online programs, etc.)

COMPLETE YOUR PLANNING SHEET

Students have received a course selection worksheet during their school presentation, they will need to complete this sheet & use it to complete their online course selections.

WHERE TO ACCESS SCHOOLINKS

In order for students to select their courses, they will first need to log into SchoolLinks & complete the steps to Onboard. They appear like surveys for students.

STEPS YOU & YOUR STUDENT WILL NEED TO TAKE!

SUBMIT COURSE SELECTIONS BY:
01/31/2023

Once students have completed Onboarding, they are able to complete and SUBMIT their course selections. We must receive the online submission & their signed planning sheet.

**DON'T
FORGET**
