Use this list of courses as a guide to help you select your classes in SchoolLinks. Each student must select one course from each of the required areas: **English, Math, Science, Social Studies and PE**. 7th grade students will have one elective course and students who qualify for **GT in ELA** will select two elective courses and have no reading course. Students may not receive their first choice elective due to insufficient enrollment in a course, scheduling conflict, or over enrollment in course. Final placement into courses is contingent upon campus approval. GT placement requires the student to have met specific Katy ISD screening criteria.

DIRECTIONS: CIRCLE one course from each of the required areas of **English, Math, Science, Social Studies and PE**. Mark required courses by circling the course number for the course. **IMPORTANT: List Fine Arts/Elective choices in order of preference.** Student and parent signatures confirm that all course guidelines have been reviewed and course selections have been made based on the student's individual strengths, interests and commitment.

Dear Parent/Guardian,

Course selection for the upcoming 2023-2024 school year has begun. Important dates for course selection are listed below:

January 20 – January 31, 2023	Students select courses in SchooLinks using Course Planner
January 31, 2023 @ 11:59 pm	Course Planner becomes “viewable only” in SchooLinks
February 6 – March 10, 2023	Counselors meet with students individually to review course requests
March 20 – March 28, 2023	Course Verification – Parents verify courses and request course changes

Students received information about all required and elective courses that are available to them for the next school year. Now students need to make informed choices about courses that will best meet his or her educational needs.

There are different formats for the core courses from which to choose:

- **Academic** - on grade level and designed to prepare students for high school and college
- **KAP (Katy Advanced Placement)** - prepare students for Advanced Placement courses (college level instruction) while in high school
- **KAP/G/T (Gifted and Talented)** - placement requires the student to have met specific KISD screening criteria and have been accepted into the G/T program

Katy ISD has an open enrollment policy for advanced academics. Early enrollment in these courses contributes to student achievement in later years. KAP courses are designed to challenge students beyond grade-level academic courses and prepare them for success in future advanced level coursework. Students may require encouragement and support from both family and campus to be successful in advanced academics. Please review your child’s report card and test scores in making course level decisions. Please note that students often enroll in a combination of course formats. Consider each course separately when deciding to select Academic or KAP.

If your student changes his/her mind about course selections after January 31, your child will have an opportunity to request changes to their selections during Course Verification during the week of March 20-28, 2023.

Thank you for your careful consideration of courses for your child.

After completing the worksheet, please see the next steps on how to enter courses in Course Planner in SchooLinks.
