School year to attend Katy ISD:	KISD high school to attend:		Expected year of graduation in home country:	
Host family guardian names:			Host family phone number:	
Host family address: Street	City		Zip Code	

Notification of Status of Foreign Exchange Students

--The foreign exchange organization and host family sponsoring this student are aware of the KISD Guidelines for foreign exchange students: the student must be the equivalent of at least a 10th grader and no higher than an 11th grader, and in order to be considered a full-time student, it is necessary to be enrolled in five periods, four of which must be academic classes.

--The host family must reside in the attendance zone for the high school which the foreign exchange organization is making application. Since falsification of a student record is now a felony in the state of Texas, a foreign exchange student will be withdrawn immediately if the host family falsifies information regarding their home address in an effort to place a student in a high school outside their attendance zone. A foreign exchange student cannot be considered for an intra-district transfer at any time.
