

OVERVIEW

The Accounting and Financial Services program teaches students how to examine, analyze, and interpret financial records. Through this program of study, students will learn the skills necessary to perform financial services, prepare financial statements, interpret accounting records, give advice, or audit and evaluate statements prepared by others.

AVAILABLE INDUSTRY CERTIFICATIONS

Students have the opportunity to earn Industry Based Certifications. These certifications help students stand out in interviews, help students gain confidence in a subject area, and give students valuable experience in preparing for the level of rigor required for industry certification exams they may face in the future.

Volunteer Income tax Assistance/Tax Counseling Certification: Basic

Students who enroll in Accounting I have the opportunity to earn this certification.

Volunteer Income tax Assistance/Tax Counseling Certification: Volunteer for Elderly

Students who enroll in Accounting II have the opportunity to earn this certification.

OVERVIEW

The Business Management program teaches students how to plan, direct, and coordinate the administrative services and operations of an organization. Students will learn the skills necessary to formulate policies, manage daily operations, and allocate the use of materials and human resources. This program of study will also introduce students to mathematical modeling tools and organizational evaluation methods.
