

OVERVIEW

The Animal Science program focuses on the science, research, and business of animals and other living organisms. Students learn how to apply biology and life science to real-world life processes of animals and wildlife, either in laboratories or in the field, which could include a veterinary office, a farm or ranch, or any outdoor area harboring animal life. Students may also research and analyze the growth and destruction of species and research or diagnose diseases and injuries of animals.

AVAILABLE INDUSTRY CERTIFICATIONS

Students have the opportunity to earn Industry Based Certifications. These certifications help students stand out in interviews, help students gain confidence in a subject area, and give students valuable experience in preparing for the level of rigor required for industry certification exams they may face in the future.

Elanco Fundamentals of Animal Science Certification

Students who enroll in Advanced Animal Science have the opportunity to earn this certification.

Elanco Veterinary Medical Application Certification

Students who enroll in Veterinary Medical Applications at Miller Career and Technology Center have the opportunity to earn this certification.

Certified Veterinary Assistant

Students who enroll in Veterinary Assisting at Miller Career and Technology Center have the opportunity to earn this certification.
