

SHAW CENTER UPDATES

2024 SUMMER Vol. 5

ROBERT R. SHAW CENTER FOR STEAM

“Our mission is to inspire students to pursue STEAM courses and careers by providing hands on STEAM Experiences. Our primary activities include robotics, science field trips, family steam nights and science summer camps.”

Steve Adams – Facility Coordinator

A9800421@katyisd.org

SUMMER CAMPS 2024 !

281-396-7652

The Shaw Center entered into an exciting partnership with Rice University and will be offering “STEAM MOTION” summer camps for k-5 students. Rice University will be running these high-quality camps using exceptional Katy ISD teachers as instructors. These camps will be used as a model for other camps Rice will offer in Katy and throughout Houston.

Additionally, High School robotics teams will be offering camps throughout the summer. For a full listing of camps and registration information, go to <https://tinyurl.com/ShawSummer2024>.

BOND NEWS

- Voters Approved Section A of the Bond which included the expansion of the Shaw Center. THANK YOU!!
- 4 additional bays will be added to the Shaw Center to accommodate robotics teams that are from high schools not in existence during the original 2015 construction.
- Space will also be used to expand field trip, summer camp and family steam night programs.

Robotics 2024 Season Results

All six of our robotics teams qualified for state! CRHS was a state finalist. CRHS, JHS, OTHS, and SLHS qualified for Worlds! Out of over 400 world teams, CRHS made the final 16 groupings. AMAZING YEAR for our Robotics clubs!

FIELD TRIP NEWS

We are looking forward to seeing every Katy I.S.D. 3rd grader and every 7th grader next school year! A large part of our summer will be preparing for this.
