Use this list of course offerings to help you enter your course requests into SchoolLinks. This worksheet will be turned in to your science teacher as well. Each student must select one course from each of the required areas: English & Reading, Math, Science, Social Studies, Physical Education. You will then determine your top four choices for your elective and write them in at the bottom of the course offerings worksheet. Students may not receive their first choice elective due to scheduling conflict or over enrollment in a course. GT placement is based on meeting GT screening criteria.

Courses Entered in SchoolLinks: January 28 - February 6

Course Request Worksheet Due to Science Teacher: February 7
