

Students in grades 6-8, will work in teams of three to five to read 25 books throughout the school year. How the school selects the teams is the school's decision. The week of March 20 the teams will compete in a schoolwide competition to determine the team that will represent the school in a district-wide competition on April 4, at Legacy Stadium.

The prize for the winning team, at the school level, is the decision of the individual school. Each student on the winning team will receive a medal and a team t-shirt. Participation certificates will be issued to every student. The team winning the district competition will receive a trophy that will circulate each year to the winning campus.

All of the books come from the TLA Lone Star Reading List. Parents can find more information about the books at the Texas Library Association website:
