# Diane Winborn Elementary

**Title I Parental Engagement Policy  
2023-2024**

### *Diane Winborn Elementary School's Vision of Parent Involvement*

Our teachers and staff are committed to providing a quality education for every child. We want to establish a partnership with parents and the community. Parents play an important role in helping promote high achievement from children. Their support for both the students and the school plays a crucial role in every child's success.

Diane Winborn Elementary knows that some students may need extra assistance, which is available through the Title I program, to reach high academic standards. Winborn intends to include parents in forming a partnership to help all students succeed.

To achieve our stated goals, we will:

- A. Jointly develop and revise the school's Parental Engagement Policy with input from parents and staff members. The policy will be distributed to families each school year and available for the community. We will accomplish this by:
  - a. Discussing the current policy with our Campus Advisory Team and staff, to discuss suggestions for improvements, comments, and questions about the policy.
- B. Involve parents in the planning and development of effective engagement activities.
- C. Hold an annual meeting, our Title I Orientation, at the beginning of each school year to explain what Title I means and how it helps our campus and our students.
- D. Involve the parents and school staff in the development of a School-Parent compact that explains how we will work together to increase student achievement.

- E. Host the following events/programs listed below to provide opportunities for parent participation in our school community:
  - Title I Nights
  - Grade Level Programs
  - Campus Advisory Team Meetings
  - PTA Meetings
  - Tears & Cheers
