Dear Katy ISD Parents/Guardians and Staff,

Miller Career & Technology Center (MCTC) offers specialized Career & Technical Education (CTE) courses not available at our Katy ISD high school campuses. MCTC’s mission is to develop college-and-career-ready students through engaging real-world experiences. While MCTC is only offered to 11th and 12th grade students, it will take planning to ensure MCTC courses fit into a student’s high school schedule.

This January, MCTC will host a Junior High School Preview Night for current 6th-8th grade students and parents/guardians to visit the campus. During the evening, students will have the opportunity to browse program tables and receive general information over available courses. This will assist students as they prepare to create their four-year high school plan. Please see the flyer for more details and visit the MCTC Programs webpage to view a list of available courses. We look forward to seeing you soon!

WHY YOU SHOULD READ BOOKS

2. Books improve imagination.
5. Books motivate you.
CREATE A WORD OF THE YEAR TO HELP YOU FOCUS ON YOUR GOALS

1. REVIEW
Review the last year. Look at what went well and note the things you’d like to change or improve in the new year.

2. BRAINSTORM
Write down words that relate to new goals. Focus on words that relate to how you feel like "creative, aligned, confident, joy".

3. REFINE
Review your large list of words then narrow the list down to just 5 words that speak to you. It's ok if you have more than one!

4. CHOOSE
Choose one that speaks to your heart. You can have "sub-words" too like Transformation + Ease. Write it down so you can see it every day.
