Helpful Tips for Game Days –

Don't forget your face covering. All spectators are expected to wear face coverings at all UIL activities in accordance with Governor Abbott's Executive Order.

Family groups should remain socially distanced from other groups.

The ticket you purchase is for a designated section. To ensure social distancing, you must sit in the section of the ticket you purchase.

Pass holders will show their pass at the 'Pass Ticket Window'. You will receive a 'Comp Ticket'. You may choose the section you would like to sit in, based on availability. This will allow pass holders to sit with other family members who have purchased a ticket.

Students should wear face coverings at all times and should be seated in every other row in the two designated student sections.
